5.1 The Eswatini Public Procurement Regulatory Framework requires that Consultants provide professional, objective, and impartial advice and always hold the Procuring Entity's interests paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Consultants shall not be hired for any assignment that would conflict with their prior or current obligations to other Procuring Entities, or that may place them in a position of not being able to carry out the assignment in the best interests of the Procuring Entity.

5.2 A Consultant may be considered to have a conflict of interest with one or more parties in this procurement process, if they:

 - (g) may be in conflict with another of their, or their affiliates' assignments by performing this assignment.

5.4 Consultants may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in the PDS and the factors used for the selection of the consultant will take the likelihood of continuation into account. It will be the exclusive decision of the Procuring Entity whether or not to have the downstream assignment carried out, and if it is carried out, which consultant will be hired for the purpose.

5.5 Any previous or ongoing participation in relation to the assignment by the Consultant, its professional staff, or its affiliates or associates under a contract with the Procuring Entity or the Government of Eswatini may result in rejection of the proposal. 11. Preparation of Proposals

- 11.1 Consultants are required to prepare and submit separate technical and financial proposals. - 13.7 The Procuring Entity will not consider substitutions unless both parties agree that undue delay in the procurement process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the proposal may be rejected.

D Financial Comparison Criteria

6. Financial Proposals for QCBS

Following the ranking of the Technical Proposals, and after internal approvals, the Procuring Entity shall simultaneously notify in writing those Consultants whose Proposals were considered responsive to the RFP and TOR, and that have achieved the minimum qualifying technical score, advising them the following: (i) their Proposal was responsive to the RFP and TOR and met the minimum qualifying technical score; (ii) provide information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion; (iii) their Financial Proposal will be opened at the public opening of Financial Proposals; and (iv) notify them of the date, time and location of the public opening and invite them for the opening of the Financial Proposals.

8. Combined Quality and Cost Evaluation

a. Quality and Cost Based Selection (QCBS) Method

- 8.1 In the case of Quality and Cost Based Selection (QCBS), the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions below. The Consultant that achieves the highest combined technical and financial score will be notified and invited for negotiations.

The lowest evaluated Financial Proposal (Fm) is given the maximum financial score (Sf) of 100.

The formula for determining the financial scores (Sf) of all other Proposals is calculated as following:

$Sf = 100 \times Fm / F$, in which “Sf” is the financial score, “Fm” is the lowest price, and “F” the price of the proposal under consideration.

The weights given to the Technical (T) and Financial (P) Proposals are:

T = _____ 70, and

P = _____ 30

Proposals are ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) as following:

$S = St \times T\% + Sf \times P\%$.
