Section 1: Instructions to Tenderers

A. General

1. Scope of Tender

- 1.1 The Procuring Entity indicated in the Tender Data Sheet (TDS), invites Tenders for the provision of Goods and related Services incidental thereto as specified in Section 6, Statement of Requirements. The Instructions to Tenderers should be read in conjunction with the TDS. The subject and procurement reference number, and number of lots of this Tendering Document are provided in the TDS.
- 1.2 Throughout these Tendering Documents:
 - (a) the term “in writing” means communicated in written form with proof of receipt;
 - (b) if the context so requires, singular means plural and vice versa; and
 - (c) “day” means calendar day unless specified as working day.
- 1.3 Procurement will be undertaken in compliance with the Public Procurement Act and Regulations.

2. Source of Funds

- 2.1 The Procuring Entity intends to use entity funds to place a contract for which these Tendering Documents are issued.

3. Corrupt Practices

- 3.1 It is the policy of the Government of The Kingdom of Eswatini through ESPPRA, to require that Procuring Entities, as well as Tenderers and Providers observe the highest standards of ethics during procurement and the execution of contracts. In pursuit of this policy, the Government of The Kingdom of Eswatini;
 - (a) defines, for the purposes of this provision, the terms set forth below as follows:
 - (i) “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value, to influence the action of a public official in the procurement process or in contract execution; and
 - (ii) “fraudulent practice” is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;
 - (iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - (iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - (b) will reject a recommendation for award if it determines that the Tenderer recommended for award has engaged in corrupt, fraudulent, collusive or coercive practices in competing for the Contract;
 - (c) will suspend a Provider from engaging in any public procurement proceeding for a stated period of time, if it at any time determines that the Provider has

engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a Government contract.

- 3.2 Furthermore, Tenderers shall be aware of the provision stated in Sub-Clause 3.2 and Sub-Clause 36.1 (g) of the General Conditions of Contract.
- 3.3 In pursuit of the policy defined in Sub-Clause 3.1, the Procuring entity may terminate a contract or be ordered by ESPPRA to cancel a contract if it at any time determines that corrupt, fraudulent, collusive or coercive practices were engaged in by representatives of the Procuring entity or of a Tenderer or Provider during the procurement or the execution of that contract.
- 3.4 In pursuit of the policy defined in Sub-clause 3.1, the Government of The Kingdom of Eswatini requires representatives of both the Procuring Entities and of Tenderers and Providers to adhere to the relevant codes of ethical conduct. The Code of Ethical Conduct for Tenderers and Providers as provided in the Tendering forms shall be signed by the Tenderer and submitted together with the other Tendering forms.
- 3.5 In pursuit of the policy defined in Sub-clause 3.1, the Government of The Kingdom of Eswatini may suspend a provider from engaging in any public procurement or disposal process for a period determined by the Agency, where the provider is suspended from the procurement processes of an international agency of which Eswatini is a member.
- 3.6 Any communications between a Tenderer and the Procuring Entity related to matters of alleged fraud or corruption must be made in writing and addressed to the Controlling Officer of the Procuring Entity

4. Eligible Tenderers

- 4.1 A Tenderer, and all parties constituting the Tenderer, shall meet the following criteria to be eligible to participate in public procurement:
- (a) the Tenderer has the legal capacity to enter into a contract;
 - (b) the Tenderer is not:
 - (i) insolvent;
 - (ii) in receivership;
 - (iii) bankrupt; or
 - (iv) being wound up
 - (c) the Tenderer's business activities have not been suspended;
 - (d) the Tenderer is not the subject of legal proceedings for any of the circumstances in (b); and
 - (e) the Tenderer has fulfilled his or her obligations to pay taxes and social security contributions.
- 4.2 A Tenderer may be a natural person, private entity, government-owned entity, subject to ITT Sub-Clause 4.6, any combination of them with a formal intent to enter into an agreement or under an existing agreement in the form of a joint venture, consortium, or association. In the case of a joint venture, consortium, or association, all parties shall be jointly and severally liable. For Tenders submitted by an existing or intended JV, a Power of Attorney from each member of the JV nominating a Representative in the JV and a Power of Attorney from the JV nominating a representative who shall

have the authority to conduct all business for and on behalf of any and all the parties of the JV during the Tendering process and, in the event the JV is awarded the Contract, during contract execution.

- 4.3 A Tenderer, and all parties constituting the Tenderer including sub-contractors, shall have the nationality of an eligible country, in accordance with Section 5, Eligible Countries. A Tenderer shall be deemed to have the nationality of a country if the Tenderer is a citizen or is constituted, incorporated, or registered and operates in conformity with the provisions of the laws of that country. This criterion shall also apply to the determination of the nationality of proposed subcontractors for any part of the Contract including related services.
- 4.4 A Tenderer shall not have a conflict of interest. All Tenderers found to be in conflict of interest shall be disqualified. A Tenderer may be considered to have a conflict of interest with one or more parties in this Tendering process, if they:
- (a) have controlling shareholders in common; or
 - (b) receive or have received any direct or indirect benefit from any of parties in the tendering process; or
 - (c) have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the Tender of another Tenderer, or influence the decisions of the Procuring entity regarding this Tendering process; or
 - (d) submit more than one Tender in this Tendering process, except for alternative offers permitted under ITT Clause 13. However, this does not limit the participation of subcontractors in more than one Tender, or as Tenderers and subcontractors simultaneously; or
 - (e) participated as a consultant in the preparation of the design or technical specifications of the Goods and related services that are the subject of the Tender.
- 4.5 A firm that is under a declaration of suspension by the Agency in accordance with ITT Clause 3.5, at the date of the deadline for Tender submission or thereafter before contract signature, shall be disqualified.
- 4.6 Government-owned enterprises shall be eligible only if they can establish that they are legally and financially autonomous and operate under commercial law.
- 4.7 Tenderers shall provide such evidence of their continued eligibility satisfactory to the Procuring Entity, as the Procuring Entity shall reasonably request.

5. Eligible Goods and Related Services

- 5.1 All Goods and related Services to be supplied under the Contract shall have as their country of origin an eligible country in accordance with Section 5, Eligible Countries.
- 5.2 For purposes of this Clause, the term “Goods” means goods, raw materials, products, livestock, assets, land, equipment or objects of any kind and description in solid, liquid or gaseous form, or in the form of electricity, or intellectual and proprietary rights as well as works or services incidental to the provision of such Goods where the value of such works or services does not exceed the value of the Goods.

-
- 5.3 The term “country of origin” means the country where the Goods have been mined, grown, cultivated, produced, manufactured, or processed, or through manufacture, processing, or assembly, another commercially recognised article results that differs substantially in its basic characteristics from its imported components.
- 5.4 The nationality of the Provider that produces, assembles, distributes, or sells the Goods shall not determine their origin.
- 5.5 If so, required in the TDS, the Tenderer shall demonstrate that it has been duly authorised by the Manufacturer of the Goods to supply, in the Kingdom of Eswatini, the Goods indicated in its Tender.

B. Tendering Document

6. Contents of Tendering Document

- 6.1 The Tendering Document consists of Parts 1, 2, and 3, which include all the Sections indicated below, and should be read in conjunction with any addenda issued in accordance with ITT Clause 8.

7. Clarification of Tendering Document

A prospective Tenderer requiring any clarification of the Tendering Document shall contact the Procuring Entity in writing at the Procuring Entity’s address indicated in the TDS. The Procuring Entity will respond in writing to any request for clarification, provided that such request is received no later than the date indicated in the TDS. The Procuring Entity shall forward copies of its response to all Tenderers who have acquired the Tendering Document, including a description of the inquiry but without identifying its source. Should the Procuring Entity deem it necessary to amend the Tendering Document as a result of a clarification, it shall do so following the procedure under ITT Clause 8 and Sub-Clause 24.2.

8. Amendment of Tendering Document

- 8.1 At any time prior to the deadline for submission of Tenders, the Procuring entity may amend the Tendering Document by issuing addenda.
- 8.2 Any addendum issued shall be part of the Tendering Document and shall be communicated in writing to all who have obtained the Tendering Document directly from the Procuring entity.
- 8.3 To give prospective Tenderers reasonable time in which to take an addendum into account in preparing their Tenders, the Procuring entity may, at its discretion, extend the deadline for the submission of Tenders, pursuant to ITT Sub-Clause 24.2.

C. Preparation of Tenders

9. Cost of Tendering

- 9.1 The Tenderer shall bear all costs associated with the preparation and submission of its Tender, and the Procuring entity shall not be responsible or liable for those costs, regardless of the conduct or outcome of the Tendering process.

10. Language of Tender and Communications

- 10.1 The medium of communication shall be in writing.
- 10.2 The Tender, as well as all correspondence and documents relating to the Tender exchanged by the Tenderer and the Procuring Entity, shall be written in the language specified in the TDS.
- 10.3 Supporting documents and printed literature that are part of the Tender may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified in the TDS, in which case, for purposes of interpretation of the Tender, such translation shall govern.

11. Documents Comprising the Tender

The Tender shall comprise the following:

- (a) the Tender Submission Sheet and the applicable Price Schedules, in accordance with ITT Clauses 12, 14, and 15;
- (b) a Tender Security or a Tender Securing Declaration, in accordance with ITT Clause 21;
- (c) written confirmation authorising the signatory of the Tender to commit the Tenderer, in accordance with ITT Clause 22;
- (d) documentary evidence in accordance with ITT Clause 16 establishing the Tenderer's eligibility to Tender;
- (e) documentary evidence in accordance with ITT Clause 17 establishing that the Goods and Related Services to be supplied by the Tenderer are of eligible origin;
- (f) documentary evidence in accordance with ITT Clauses 18 and 30, that the Goods and Related Services conform to the Tendering Documents;
- (g) documentary evidence in accordance with ITT Clause 19 establishing the Tenderer's qualifications to perform the contract if its Tender is accepted;

-
- (h) The Code of Ethical Conduct for Tenderers and Providers in accordance with ITT Clause 3.4; and
 - (i) any other document(s) required in the TDS.

12. Tender Submission Sheet and Price Schedules

12.1 The Tenderer shall submit the Tender Submission Sheet using the form provided in Section 4, Tendering Forms. This form must be completed without any alterations to its format, and no substitutes shall be accepted. All blank spaces shall be filled in with the information requested, which includes:

- (a) the reference of the Tendering Document and the number of each addendum received;
- (b) a brief description of the Goods and Related Services offered;
- (c) the total Tender price;
- (d) any discounts offered and the methodology for their application;
- (e) the period of validity of the Tender;
- (f) a commitment to submit any Performance Security required and the amount;
- (g) a declaration of nationality of the Tenderer;
- (h) a commitment to adhere to the Code of Ethical Conduct for Tenderers and Providers;
- (i) a declaration that the Tenderer, including all parties comprising the Tenderer, is not participating, as a Tenderer, in more than one Tender in this Tendering process; except for alternative Tenders in accordance with ITT Clause 13;
- (j) confirmation that the Tenderer has not been suspended by the Agency;
- (k) a declaration on gratuities and commissions; and
- (l) Power of attorney or Board resolution on authorised signatory

12.2 The Tenderer shall submit the Price Schedule for Goods and Related Services, using the format provided in Section 4, Tendering Forms. The Price Schedule shall include, as appropriate:

- (a) the item number;
- (b) a brief description of the Goods or Related Services to be supplied;
- (c) their country of origin and percentage of local produced content (where applicable);
- (d) the quantity;
- (e) the unit prices, with a separate unit price ex-factory and for delivery and incidental costs according to the delivery terms (Incoterms);
- (f) customs duties and all taxes paid or payable in Eswatini;
- (g) the total price per item;
- (h) subtotals and totals per Price Schedule; and
- (i) Power of attorney or Board resolution on authorised signatory

13. Alternative Tenders

13.1 Alternative Tenders shall not be permitted.

14. Tender Prices and Discounts

14.1 The prices and discounts quoted by the Tenderer in the Tender Submission Sheet and in the Price Schedules shall conform to the requirements specified below.

14.2 All items in the Schedule of Supply must be listed and priced separately in the Price Schedules. If a Price Schedule shows items listed but not priced, their prices shall be assumed to be included in the prices of other items. Items not listed in the Price Schedule shall be assumed to be not included in the Tender, and provided that the Tender is substantially responsive, the corresponding adjustment shall be applied in accordance with ITT Sub-Clause 31.3.

14.3 The price to be quoted in the Tender Submission Sheet, in accordance with ITT Sub-Clause 12.1(c), shall be the total price of the Tender, excluding any discounts offered in the event that taxes are not exempt, the price must include any applicable taxes.

14.4 The Tenderer shall quote any unconditional and conditional discounts and the methodology for their application in the Tender Submission Sheet, in accordance with ITT Sub-Clause 12.1(d) and ITT Sub-Clause 14.8 respectively.

14.5 The terms EXW, CIP, and other similar terms shall be governed by the rules prescribed in the edition of Incoterms, published by The International Chamber of Commerce, as specified in the TDS.

14.6 Prices quoted on the Price Schedule for Goods and Related Services, shall be disaggregated, when appropriate as indicated in this sub-clause. This disaggregation shall be solely for the purpose of facilitating the comparison of Tenders by the Procuring entity. This shall not in any way limit the Procuring Entity's right to contract on any of the terms offered:

(a) for Goods;

- (i) the price of the Goods, quoted CIP or other Incoterm as specified in the TDS;
- (ii) all custom duties, sales tax, and other taxes applicable in Eswatini, paid or payable, on the Goods or on the components and raw materials used in their manufacture or assembly, if the Contract is awarded to the Tenderer; and
- (iii) the total price for the item.

(b) for Related Services;

- (i) the price of the Related Services;
- (ii) all custom duties, sales tax, and other taxes applicable in Eswatini, paid or payable, on the Related Services, if the Contract is awarded to the Tenderer; and
- (iii) the total price for the item.

14.7 Prices quoted by the Tenderer shall be fixed during the Tenderer's performance of the Contract and not subject to variation on any account, unless otherwise specified in the TDS. A Tender submitted with an adjustable price quotation shall be treated as non-responsive and shall be rejected, pursuant to ITT Clause 30. However, if in accordance with the TDS, prices quoted by the Tenderer shall be subject to adjustment

during the performance of the Contract, a Tender submitted with a fixed price quotation shall not be rejected, but the price adjustment shall be treated as zero.

- 14.8 If so, indicated in ITT Sub-Clause 1.1, Tenders are being invited for individual contracts (lots) or for any combination of contracts (packages). Tenderers wishing to offer any price reduction for the award of more than one Contract shall specify in their Tender the price reductions applicable to each package, or alternatively, to individual Contracts within the package. Price reductions or discounts shall be submitted in accordance with ITT Sub-Clause 14.4, provided the Tenders for all lots are submitted and opened at the same time.

15. Currencies of Tender

- 15.1 Tender prices shall be quoted in the following currencies:

- (a) for Goods and Related Services originating in Eswatini, the Tender prices shall be quoted in the currency of Eswatini (Lilangeni), unless otherwise specified in the TDS; and
- (b) for Goods and Related Services originating outside Eswatini, or for imported parts or components of Goods and Related Services originating outside Eswatini, the Tender prices shall be quoted in the currency of the expense or in the currency of the Tenderer's country unless otherwise specified in the TDS.

- 15.2 Alternatively, the Procuring entity may request that prices quoted be expressed in the currency specified in the TDS. If the Tenderer wishes to be paid in a currency or a combination of currencies different from the one in which it was requested to express its quotation, it shall as part of its offer:

- (a) indicate its requirement to be paid in other currencies, including the amount in each currency or the percentage of the quoted price corresponding to each currency;
- (b) justify, to the Procuring entity's satisfaction, the requirement to be paid in the currencies requested; and
- (c) utilize the rate of exchange specified by the Procuring entity to express its offer in the currency required by the Procuring entity. The source, date, and type of exchange rate to be used is indicated in the TDS, in accordance with ITT Clause 34, and shall not precede the Tender submission deadline by less than twenty-one (21) days. Should this date be a non-working day, the selling exchange rate on the date prior to this non-working day shall be used for currency conversion or as otherwise specified in the TDS.

16. Documents Establishing the Eligibility of the Tenderer

To establish their eligibility in accordance with ITT Clause 4, Tenderers shall complete the eligibility declarations in the Tender Submission Sheet, included in Section 4, Tendering Forms and submit the documents required in Section 3 Evaluation Methodology and Criteria.

17. Documents Establishing the Eligibility of Goods

- 17.1 To establish the eligibility of the Goods and Related Services, in accordance with ITT Clause 5, Tenderers shall complete the country-of-origin declarations in the Price Schedule included in Section 4, Tendering Forms.

18. Documents Establishing the Conformity of the Goods

- 18.1 To establish the conformity of the Goods and Related Services to the Tendering Documents, the Tenderer shall provide as part of its Tender the documentary evidence specified in Section 6, Statement of Requirements.
- 18.2 The documentary evidence may be in the form of literature, drawings or data, and shall consist of a detailed description of the essential technical and performance characteristics of the Goods and Related Services, demonstrating substantial responsiveness of the Goods and Related Services to those requirements, and if applicable, a statement of deviations and exceptions to the provisions of the Statement of Requirements.
- 18.3 If so, stated in the TDS Tenderers may be required to submit representative samples of the Goods being offered and/or be requested to demonstrate the operation of the Goods to the Procuring entity.
- 18.4 Standards for workmanship, process, material, and equipment, as well as references to brand names or catalogue numbers specified by the Procuring entity in the Statement of Requirement, are intended to be descriptive only and not restrictive. The Tenderer may offer other standards of quality, brand names, and/or catalogue numbers, provided that it demonstrates, to the Procuring entity's satisfaction, that the substitutions ensure substantial equivalence or are superior to those specified in the Statement of Requirement.

19. Documents Establishing the Qualifications of the Tenderer

To establish its qualifications to perform the Contract, the Tenderer shall submit the evidence indicated for each qualification criteria specified in Section 3, Evaluation Methodology and Criteria.

20. Period of Validity of Tenders

- 20.1 Tenders shall remain valid until the date specified in the TDS. A Tender valid for a shorter period shall be rejected by the Procuring entity as non-compliant.
- 20.2 The Procuring entity will make its best effort to complete the procurement process within this period
- 20.3 In exceptional circumstances, prior to the expiration of the Tender validity period, the Procuring entity may request Tenderers to extend the period of validity of their Tenders. The request and the responses shall be made in writing. If a Tender Security or a Tender Securing Declaration is requested in accordance with ITT Clause 21, it shall also be extended for a corresponding period. A Tenderer may refuse the request without forfeiting its Tender Security or being liable for suspension in case of a Tender Securing Declaration. A Tenderer granting the request shall not be required or permitted to modify its Tender.

21. Tender Security or Tender Securing Declaration

- 21.1 The Tenderer shall furnish as part of its Tender, a Tender Security or a Tender-Securing Declaration, if required, as specified in the TDS.
- 21.2 The Tender Security shall be in the amount specified in the TDS and denominated in the currency of Eswatini or a freely convertible currency, and shall:

-
- a) at the Tenderer's option, be in the form of either a letter of credit, or a bank guarantee, or Bank draft or Cashier's Check from a banking institution;
 - b) be issued by a reputable financial institution selected by the Tenderer from an eligible country. If the institution issuing the security is located outside Eswatini, it shall have a correspondent financial institution located in Eswatini to make it enforceable;
 - c) be substantially in accordance with the form of Tender Security included in Section 4, Tendering Forms;
 - d) be payable promptly upon written demand by the Procuring entity in case the conditions listed in ITT Clause 21.6 are invoked;
 - e) be submitted in its original form - copies will not be accepted.

21.3 The Tender Security or Tender Securing Declaration shall be submitted using the appropriate form included in Section 4, Tendering Forms and shall remain valid until the date specified in the TDS.

21.4 Any Tender not accompanied by a substantially responsive Tender Security or Tender Securing Declaration, if one is required in accordance with ITT Sub-Clause 21.1, shall be rejected by the Procuring entity as non-compliant.

21.5 The Tender Security or Tender Securing Declaration of all Tenderers shall be returned as promptly as possible once the successful Tenderer has signed the Contract and provided the required Performance Security where applicable or upon request by the unsuccessful Tenderer after publication of the notice of best evaluated Tenderer.

21.6 If a Tenderer withdraws its Tender during the period of Tender validity specified by the Tenderer on the Tender Submission Sheet, except as provided in ITT Sub-Clause 20.2; or

If the successful Tenderer fails to:

- (i) sign the Contract in accordance with ITT Clause 42;
- (ii) furnish any Performance Security in accordance with ITT Clause 44; or
- (iii) accept the correction of its Tender price pursuant to ITT Sub-Clause 31.5.

Tender Security may be forfeited, or Tender Securing Declaration executed.

22. Format and Signing of Tender

22.1 The Tenderer shall prepare one original of the documents comprising the Tender as described in ITT Clause 11 and clearly mark it "ORIGINAL." In addition, the Tenderer shall submit copies of the Tender, in the number specified in the TDS and clearly mark each of them "COPY." In the event of any discrepancy between the original and the copies, the original shall prevail.

22.2 The original and all copies of the Tender shall be typed or written in indelible ink and shall be signed by a person duly authorised to sign on behalf of the Tenderer. This authorisation shall consist of a Power of Attorney which if signed in Eswatini shall be registered and if signed outside Eswatini, shall be notarized and shall be attached to the Tender. The name and position held by each person signing the authorisation must be typed or printed below the signature. All pages of the Tender, except for unamended printed literature, shall be signed or initialled by the person signing the Tender.

-
- 22.3 Any interlineations, erasures, or overwriting shall be valid only if they are signed or initialled by the person signing the Tender.

D. Submission and Opening of Tenders

23. Sealing and Marking of Tenders

- 23.1 The Tenderer shall enclose the original and three copies of the Tender, in separate sealed envelopes, duly marking the envelopes as “ORIGINAL” and “COPY.” These envelopes containing the original and the copies shall then be enclosed in one single plain envelope securely sealed in such a manner that opening and resealing cannot be achieved undetected.
- 23.2 The inner and outer envelopes shall:
- (a) bear the name and address of the Tenderer;
 - (b) be addressed to the Procuring entity in accordance with ITT Sub-Clause 24.1;
 - (c) bear the Procurement Reference number of this Tendering process; and
 - (d) bear a warning not to open before the time and date for Tender opening, in accordance with ITT Sub-Clause 27.1.
- 23.3 If all envelopes are not sealed and marked as required, the Procuring entity will assume no responsibility for the misplacement or premature opening of the Tender.

24. Deadline for Submission of Tenders

- 24.1 Tenders must be received by the Procuring entity at the address and no later than the date and time indicated in the TDS.
- 24.2 The Procuring entity may, at its discretion, extend the deadline for the submission of Tenders by amending the Tendering Documents in accordance with ITT Clause 8, in which case all rights and obligations of the Procuring entity and Tenderers previously subject to the deadline shall thereafter be subject to the deadline as extended.

25. Late Tenders

The Procuring entity shall not consider any Tender that arrives after the deadline for submission of Tenders, in accordance with ITT Clause 24. Any Tender received by the Procuring entity after the deadline for submission of Tenders shall be declared late, rejected, and returned unopened to the Tenderer.

26. Withdrawal and Replacement of Tenders

- 26.1 A Tenderer may withdraw or replace its Tender after it has been submitted at any time before the deadline for submission of Tenders by sending a written notice, duly signed by an authorised representative, which shall include a copy of the authorisation in accordance with ITT Sub-Clause 22.2. Any corresponding replacement of the Tender must accompany the respective written notice. All notices must be:
- (a) submitted in accordance with ITT Clauses 22 and 23 (except that withdrawals notices do not require copies), and in addition, the respective envelopes shall be clearly marked “WITHDRAWAL,” or “REPLACEMENT,” and
 - (b) received by the Procuring entity prior to the deadline prescribed for submission of Tenders, in accordance with ITT Clause 24.

-
- 26.2 Tenders requested to be withdrawn in accordance with ITT Sub-Clause 26.1 shall be returned unopened to the Tenderer.
- 26.3 No Tender may be withdrawn or replaced in the interval between the deadline for submission of Tenders and the expiration of the period of Tender validity specified by the Tenderer on the Tender Submission Sheet or any extension thereof.
- 26.4 Tenders may only be modified by withdrawal of the original Tender and submission of a replacement Tender in accordance with ITT Sub-Clause 26.1. Modifications submitted in any other way shall not be taken into account in the evaluation of Tenders.

27. Tender Opening

- 27.1 The Procuring entity shall conduct the Tender opening in the presence of Tenderers' designated representatives who choose to attend, at the address, date and time specified in the TDS.
- 27.2 First, envelopes marked "WITHDRAWAL" shall be opened and read out and the envelope with the corresponding Tender shall not be opened but returned to the Tenderer. No Tender withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorisation to request the withdrawal and is read out at the Tender opening.

All other envelopes including those marked "REPLACEMENT" shall be opened and the relevant details read out. Replacement Tenders shall be recorded as such on the record of the Tender opening.

Only envelopes that are opened and read out at the Tender opening shall be considered further.

- 27.3 All other envelopes shall be opened one at a time, reading out: the name of the Tenderer; the Tender price, per lot where applicable, including any discounts; the presence of a Tender Security or Tender Securing Declaration, if required; and any other details that the Procuring entity may consider appropriate. Only discounts and alternative offers read out at the Tender opening shall be considered for evaluation. No Tender shall be rejected at the Tender opening except for late Tenders, in accordance with ITT Sub-Clause 25.1.
- 27.4 The Procuring entity shall prepare a record of the Tender opening that shall include, as a minimum: the name of the Tenderer and whether there is a withdrawal and/or replacement; the Tender price, per lot if applicable, including any discounts; and the presence or absence of a Tender Security Tender Securing Declaration, if one was required. The Tenderers' representatives who are present shall be requested to sign the record. The omission of a Tenderer's signature on the record shall not invalidate the contents and effect of the record.

E. Evaluation of Tenders

28. Confidentiality

- 28.1 Information relating to the examination, evaluation, comparison, and post-qualification of Tenders, and recommendation of contract award, shall not be disclosed to Tenderers or any other persons not officially concerned with such process

until information detailing the Best Evaluated Tenderer is communicated to all Tenderers.

- 28.2 Any effort by a Tenderer to influence the Procuring entity in the examination, evaluation, comparison, and post-qualification of the Tenders or contract award decisions may result in the rejection of its Tender.
- 28.3 Notwithstanding ITT Sub-Clause 28.2, from the time of Tender opening to the time of Contract award, if any Tenderer wishes to contact the Procuring entity on any matter related to the Tendering process, it should do so in writing.

29. Clarification of Tenders

To assist in the examination, evaluation, comparison and post-qualification of the Tenders, the Procuring entity may, at its discretion, ask any Tenderer for a clarification of its Tender. Any clarification submitted by a Tenderer that is not in response to a request by the Procuring entity shall not be considered. The Procuring entity's request for clarification and the response shall be in writing. All requests for clarification and responses shall be copied to all Tenderers for information purposes. No change in the prices or substance of the Tender shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Procuring entity in the evaluation of the Tenders, in accordance with ITT Clause 31.4.

30. Compliance and Responsiveness of Tenders

- 30.1 The Procuring entity's determination of a Tender's compliance and responsiveness is to be based on the contents of the Tender itself.
- 30.2 A substantially compliant and responsive Tender is one that conforms to all the terms, conditions, and specifications of the Tendering Documents without material non-conformity, reservation, or omission. A material non-conformity is a deviation that-
- (a) affects in a substantial way, the scope or quality of the Goods or services or the performance of the works to be procured;
 - (b) is inconsistent with the Tendering document and which may in a substantial way, limit the rights of the procuring entity or the obligations of the Tenderer under the contract;
 - (c) if corrected would unfairly affect the competitive position of the other Tenderers whose Tenders are administratively compliant and responsive; or
 - (d) impacts the key factors of a procurement including cost, risk, time and quality and causes -
 - (i) unacceptable time schedules, where it is stated in the Tendering document that time is of the essence;
 - (ii) unacceptable alternative technical details, such as design, materials, workmanship, specifications, standards or methodologies; or
 - (iii) unacceptable counter-Tenders with respect to key contract terms and conditions, such as payment terms, price adjustment, liquidated damages, sub-contracting or warranty.
- 30.3 If a Tender is not substantially compliant and responsive to the Tendering Document, it shall be rejected by the Procuring entity and may not subsequently be made

compliant and responsive by the Tenderer by correction of the material non-conformity, reservation, or omission.

31. Nonconformities, Errors, and Omissions

- 31.1 Provided that a Tender is substantially compliant and responsive, the Procuring entity may waive any non-conformity or omissions in the Tender that does not constitute a material non-conformity.
- 31.2 Provided that a Tender is substantially compliant and responsive, the Procuring entity may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Tender related to documentation requirements. Such omission shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.
- 31.3 Provided that a Tender is substantially compliant and responsive, the Procuring entity shall rectify nonmaterial nonconformities or omissions. To this effect, the Tender price shall be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component. The cost of any missing items will be added to the Tender price using the highest price from other Tenders submitted.
- 31.4 Provided that the Tender is substantially compliant and responsive, the Procuring entity shall correct arithmetic errors on the following basis:
- (a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
 - (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and
 - (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
- 31.5 If the Tenderer that submitted the best evaluated Tender does not accept the correction of errors, its Tender shall be rejected, and its Tender Security may be forfeited, or Tender Securing Declaration executed.

32. Preliminary Examination of Tenders – Eligibility and Administrative Compliance

- 32.1 The Procuring entity shall examine the legal documentation and other information submitted by Tenderers to verify the eligibility of Tenderers and Goods and related services in accordance with ITT Clauses 4 and 5.
- 32.2 If after the examination of eligibility, the Procuring entity determines that the Tenderer, the Goods and/or the related Services are not eligible, it shall reject the Tender.
- 32.3 The Procuring entity shall examine the Tenders to confirm that all documents and technical documentation requested in ITT Clause 11 have been provided, and to determine the completeness of each document submitted.

32.4 The Procuring entity shall confirm that the following documents and information have been provided in the Tender. If any of these documents or information is missing, the offer shall be rejected.

- (a) the Tender Submission Sheet, including:
 - (i) a brief description of the Goods and Related Services offered;
 - (ii) the price of the Tender; and
 - (iii) the validity date of the Tender;
- (b) the Price Schedule;
- (c) written confirmation of authorisation to commit the Tenderer, i.e. power of attorney; and
- (d) a Tender Security or Tender Securing Declaration, if applicable.

32.5 Eligibility and administrative compliance shall be determined on a pass or fail basis and a tender which is not eligible or administratively compliant shall be rejected at the preliminary stage of evaluation.

33. Detailed Commercial and Technical Evaluation

33.1 The Procuring entity shall examine the Tender to confirm that all terms and conditions specified in the GCC and the SCC have been accepted by the Tenderer without any material non-conformity or reservation.

33.2 If, after the examination of the terms and conditions, the Procuring entity determines that the Tender is not substantially responsive in accordance with ITT Clause 30, it shall reject the Tender.

33.3 The Procuring entity shall evaluate the technical aspects of the Tender submitted in accordance with ITT Clause 18, to confirm that all requirements specified in Section 6, Statement of Requirements of the Tendering Document have been met without any material non-conformity or reservation.

33.4 If, after the technical evaluation, the Procuring entity determines that the Tender is not substantially compliant in accordance with ITT Clause 30, it shall reject the Tender.

34 Conversion to Single Currency

For evaluation and comparison purposes, the Procuring entity shall convert all Tender prices expressed in amounts in various currencies into a single currency. The exchange rate shall be the prevailing Central Bank of Eswatini exchange rate and shall not precede the tender submission deadline by less than twenty-one (21) days. Should this date be non-working day, the selling exchange rate on the date prior to this non-working day shall be used for currency conversion or as otherwise specified in the TDS.

35. Margin of Preference for international tenders

35.1 Unless otherwise specified in the TDS, a margin of preference shall apply. Where a Margin of Preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.

35.2 For the purpose of granting a margin of domestic preference, Tenders will be classified in two groups, as follows:

- (a) Group A: Swati Company participating alone in the tender *[In accordance with Regulation 12(2) of the Procurement Regulations, 2020]*
- (b) Group B: Foreign Company sub-contracting or partnering with Swati company *[In accordance with Regulation 12(5) of the Procurement Regulations, 2020]*
- (c) Group C: Foreign company using locally manufactured goods or by Swati agents or nationals.

[In accordance with Regulation 12(5) of the Procurement Regulations, 2020]

36. Financial evaluation of Tenders

36.1 The Procuring entity shall financially evaluate each Tender that has been determined, up to this stage of the evaluation, to be substantially compliant and responsive.

36.2 To financially evaluate a Tender, the Procuring entity shall only use the criteria and methodologies defined in this Clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.

36.3 The Procuring entity's financial evaluation of Tenders may require the consideration of factors other than costs, in addition to the Tender price quoted in accordance with ITT Clause 14. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Goods and Related Services. The factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Tenders, unless otherwise specified in Section 3, Evaluation Methodology and Criteria. The factors to be used and the methodology of application shall be indicated of Section 3, Evaluation Methodology and Criteria.

36.4 To financially compare Tenders, the Procuring entity shall:

- (a) determine the Tender price, taking into account the costs listed of Section 3, Evaluation Methodology and Criteria;
- (b) correct any arithmetic errors in accordance with ITT Sub-Clause 31.4;
- (c) apply any unconditional discounts offered in accordance with ITT Sub-Clause 12.1(d);
- (d) make adjustments for any nonmaterial nonconformities and omissions in accordance with ITT Sub-Clause 31.3;
- (e) apply any non-cost factors in accordance with ITT Sub-Clause 36.3;
- (f) convert all Tenders to a single currency in accordance with ITT Clause 34;
- (g) apply any margin of preference in accordance with ITT Clause 35;
- (h) determine the total evaluated price of each Tender.

37. Determination of Best Evaluated Tender(s)

The Procuring entity shall compare all substantially compliant and responsive Tenders to determine the best evaluated Tender or Tenders, in accordance with Section 3, Evaluation Methodology and Criteria.

38. Post-qualification of the Tenderer

- 38.1 The Procuring entity shall determine to its satisfaction whether the Tenderer that is selected as having submitted the best evaluated Tender is qualified to perform the Contract satisfactorily. Where appropriate, details of post-qualification shall be stated in the TDS.
- 38.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT Clause 19, to clarifications in accordance with ITT Clause 29 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria. Factors not included in Section 3 shall not be used in the evaluation of the Tenderer's qualification.
- 38.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event the Procuring entity shall proceed to the next best evaluated Tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.
- 38.4 If pre-qualification has been conducted, no post-qualification will be conducted but pre-qualification information shall be verified.

39. Negotiations

Negotiations are prohibited under this procedure.

F. Award of Contract

40. Award Procedure and Notice of Intention to award

- 40.1 The Procuring Entity shall issue a Notice of Intention to Award of Tender within 5 working days after the decision of the relevant approval's authority to award a contract, issue the Notice to all Tenderers and to the Agency for publication on its website.
- 40.2 No contract shall be signed within period of ten (10) working days after the date of display of the best evaluated Tenderer notice.
- 40.3 The Procuring entity shall award the Contract to the Tenderer whose offer has been determined to be the best evaluated Tender, provided that the Tenderer is determined to be qualified to perform the Contract satisfactorily.

41. Procuring entity's Right to Accept or Reject Any or All Tenders

The Procuring entity reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to contract signature and issue by the Procuring entity, without thereby incurring any liability to Tenderers, subject to adherence to Regulation 26 and 27 of the Public Procurement Regulations 2020.

42. Procuring entity's Right to Vary Quantities at Time of Award

- 42.1 At the time the Contract is awarded, the Procuring entity reserves the right to increase or decrease the quantity of Goods and Related Services originally specified in Section 6, Statement of Requirements, provided this does not exceed the percentages indicated in the TDS which shall not be more than 10 percent, and without any change

in the unit prices or other terms and conditions of the Tender and the Tendering Document.

43. Signing and Effectiveness of Contract

- 43.1 On expiry of the ten (10) working days period after the issuance of the letter of appointment/ letter of award the Procuring entity shall sign a contract with the successful Tenderer.
- 43.2 Failure by the successful Tenderer to sign the contract shall constitute sufficient ground for annulment of the contract award.
- 43.3 Effectiveness of the contract shall be subject to submission of a satisfactory Performance Security where applicable, and any other conditions specified in the Contract.

44. Debriefing

The Tenderer shall be provided with information on the reasons for the failure of its Tender after the notice of Intention to Award has been issued. The Procuring Entity shall give the tenderer a written debrief.

45. Performance Security

- 45.1 Within twenty-one (21) days of signing of the contract, the successful Tenderer shall where applicable, furnish to the Procuring entity a Performance Security in the amount stipulated in the SCC and in the form of on demand Bank Guarantee as stipulated in Section 9, denominated in the type and proportions of currencies of the Contract. The performance security shall be issued by a Bank located in Eswatini or a foreign Bank through correspondence with a Bank located in Eswatini. On demand insurance bonds with proof of re-insurance, in the format included in Section 9 (contract forms) can be accepted.

46. Advance Payment and Security

- 46.1 If so, stated in the TDS, the Employer will provide an Advance Payment on the Contract Price, subject to a maximum amount, as stated in the TDS. This Payment shall be in the same currencies and proportions as the Contract Payment and shall be made in accordance with the GCC.
- 46.2 Unless otherwise specified in the contract, any advance payment shall only be made against the provision by the contractor/supplier of an advance payment guarantee, covering the full amount of the advance payment. The advance payment guarantee shall be issued by a Bank located in Eswatini or a foreign Bank through correspondence with a Bank located in Eswatini. On demand insurance bonds with proof of re-insurance, in the format included in Section 9 (contract forms) can be accepted.

47. Procurement Related Complaints and Administrative Review

- 47.1 The procedures for making a Procurement-related Complaint are as specified in the TDS

48. Abnormal Low and Abnormally High Prices

48.1 Abnormally Low Prices

-
- 48.1.1 An Abnormally Low Price is one where the financial price, in combination with other constituent elements of the Tender, appears unreasonably low to the extent that the price raises material concerns with the Procuring Entity as to the capability of the Tenderer to perform the Contract for the offered price.
- 48.1.2 In the event of identification of a potentially Abnormally Low Price by the evaluation committee, the Procuring Entity shall seek written clarification from the firm, including a detailed price analyses of its price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the Tendering document.
- 48.1.3 After evaluation of the price analyses, if the Procuring Entity determines that the firm has failed to demonstrate its capability to perform the contract for the offered price, the Procuring Entity shall reject the firm's Tender.

48.2 Abnormally High Prices

- 48.2.1 An abnormally high price is one where the proposal price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between the Tenderers is compromised.
- 48.2.2 In case of an abnormally high tender price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tendering Document to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high proposals. The Procuring Entity may also seek written clarification from the Tenderer on the reason or the high Tender price. The Procuring Entity shall proceed as follows:
- i) If the Tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the proposal depending on the Procuring Entity's budget considerations.
 - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high proposal prices, the Procuring Entity shall reject all Tenders and may re-invite for Tenders for the contract based on revised estimates, specifications, scope of work and conditions of contract.
- 48.2.3 If the Procuring Entity determines that the Tender Price is abnormally too high because genuine competition between Tenderers is compromised (often due to collusion, corruption or other manipulations), the Procuring Entity shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise and copy ESPPRA, before re-inviting tenders.

Section 3: Evaluation Methodology and Criteria

A Evaluation Methodology

1. Evaluation Methodology Used

The evaluation methodology to be used for the evaluation of Tenders received shall be the Technical Compliance Selection methodology.

2. Summary of Methodology

2.1 The Technical Compliance Selection methodology recommends the lowest priced Tender, which is eligible, compliant, and substantially responsive to the technical and commercial requirements of the Tendering Document, provided that the Tenderer is determined to be qualified to perform the contract satisfactorily.

2.2 The evaluation shall be conducted in three sequential stages –

- (a) a preliminary examination to determine the eligibility of Tenderers and the administrative compliance of Tenders received;
- (b) a technical evaluation to determine the commercial and technical responsiveness of the eligible and compliant Tenders; and
- (c) a financial evaluation to compare costs of the eligible, compliant, responsive Tenders received and determine the best evaluated Tender.

2.3 Failure of a Tender at any stage of the evaluation shall prevent further consideration at the next stage of evaluation. Substantial responsiveness shall be considered a pass.

B Preliminary Examination Criteria

3. Eligibility Criteria

3.1 The eligibility requirements shall be determined for: -

- (a) Eligible Tenderers in accordance with ITT Clause 4 and Section 40 of the Public Procurement Act, 2011; and

D Financial evaluation Criteria

7. Costs to be included in Tender Price

The financial evaluation shall be conducted in accordance with ITT Clause 36. The costs to be included in the Tender price Tender are:

- (a) the unit and total delivered price based on the delivery terms requested and the quantity specified in Section 6;
- (b) taxes, duties and levies;

8. Determination of Best Evaluated Tender or Tenders

8.1 The Tender with the lowest evaluated price, from among those which are eligible, compliant and substantially responsive shall be the best evaluated Tender. If this Tendering Document includes more than one lot, the best evaluated Tender shall be determined separately for each lot.

8.2 Notwithstanding paragraph 10.1, if this Tendering Document allows Tenderers to quote different prices for single lots and for the award to a single Tenderer of multiple lots, the Procuring entity shall conduct a further financial evaluation to apply any conditional discounts. The Tender or Tenders offering the lowest priced combination of all the lots shall be the best evaluated Tender or Tenders.

9. The financial evaluation of the bids will follow the following process:

- The evaluation team will review the financial bids and determine the evaluation price for each transformer. The total cost for all transformers will be calculated and compared across all bidders.

-
- The bidder with the lowest priced tender will be awarded the transformer repair services contract. EEC reserves the right to award more than one bidder in line with rankings from the lowest bid.

Bidders must complete the price schedule, in Part 1 Section 4 below, for ease of price comparison.

PART 2 - Statement of Requirements

Section 6: Statement of Requirements

The scope of this tender covers repairs of the following categories of oil type distribution transformers having Cold Rolled Grain Oriented Steel (CRGO) with either Aluminium or copper windings:

- Transformers from 50kVA to 800kVA

Specification

1. This tender is for Repairing of Distribution Transformers having Cold Rolled Grain Oriented Steel (CRGO) of various ratings on item wise rates for existing and new transformer repair service providers, including internal parts and external parts per unit rate basis, either with copper or aluminium winding. Bidders who fulfil any of the following criteria are eligible for offering the bid.
 - a) Eswatini based existing Transformer repairing firms who are engaged in repairing of transformers under the existing rate contract awarded by EEC.
 - b) New Eswatini firms capable of repairing oil type Distribution Transformers having Cold Rolled Grain Oriented Steel (CRGO), of various ratings as detailed in the schedule of requirements.

Note.

Successful Tenderers will be allocated quantities and subsequent allocations shall be subject to satisfactory repair of the transformers as per the service level agreement and returning of the earlier allocation of transformers for repair to the EEC.

2. In addition to retaining the original name plate on the transformer the supplier shall enforce identity markings by printing on the body of the transformer the following:
 - a) Name of firm that undertook the repair
 - b) Date of repair in the format MM/YYYY (Month/ Year)
 - c) Reference to work order number and date
 - d) KVA and High Voltage Rating
 - e) The letters F, S, and T painted vertical letters for first, second, third repair respectively. The printing shall be in indelible & reflective paint of minimum height of 10mm
3. The repair rates should be quoted item wise using the approved quotation template. **A transformer is to be declared uneconomical for repair if the total estimate of repair of the transformer exceeds 40% (excluding the cost of oil) of cost of the new transformer.** All the repair estimates shall be approved by EEC Engineer.

4. The warranty of a transformer shall be for a period of **24 months** from the date of Inspection and Acceptance in the EEC stores. In case of transformer repaired within warranty period, the warranty shall be for the remaining part of the warranty period left out up to 24 months of operational period. In case period of warranty remains less than 6 months, warranty period shall be considered as 6 months after re-repair. Warranty certificate in triplicate be furnished for approval at the time of offer for inspection against each transformer and copies should be furnished to the Main Stores, the EEC user Department and Finance for their record.
5. Furnish test certificates in respect of repaired transformers covered in the work order in triplicate at the time of delivery of the consignment, for verification & approval thereof. *(a copy to be furnished to EEC user Department).*
6. The authorized representatives of EEC shall have the unrestricted right to inspect the raw materials during the process of repairing and are required to be offered for stage inspection & final testing after repair of the transformers.
7. **EEC authorized officers SHALL carry out the stage inspection & witness final testing** at the factory before approval to deliver. All required facilities including duly calibrated instruments and equipment shall be provided to the inspecting and testing officers deputed to carry out their job.
8. 100% repaired transformers shall be subjected to all the routine tests as per the latest edition of IEC 60076, and relevant EEC specifications as applicable to repaired transformers and shall be conducted at the Tenderer premises and results witnessed and signed by the Tenderer and the EEC inspecting officers before issuing authority for dispatch of the transformers. The following tests shall be carried out: -
 - a) Measurement of winding DC resistance at extreme and normal tap positions,
 - b) Impedance voltage / short circuit impedance,
 - c) Turns Ratio on each tapping,
 - d) Polarity & Phase Relationship.
 - e) Load Losses.
 - f) No Load Loss and No-Load Current.
 - g) Insulation Resistance from LV to earth, HV to earth and HV to LV,
 - h) Induced Over voltage withstand (Double Voltage Double Frequency Test).
 - i) Separate source voltage withstand/Power frequency,
 - j) BDV Test of the oil,
 - k) High pressure test for leakage of oil,
 - l) Magnetic Balance Test.
- NOTE: Any transformer that fails any of the above tests SHALL be rejected**
9. Guaranteed no load losses & load losses for the transformers will be as declared by manufacturer and/or documented by the EEC test laboratory. No tolerance is permissible on losses for transformers up to 100kVA while 10% is allowable for 200kVA and above.
10. The impedance voltage tolerance is 10% except for transformers more than 20 years old, the tolerance shall be as per the Standards. Every repairing firm shall maintain a register for each transformer tested and no-load losses and load losses measured shall be invariably mentioned in the register.
11. The tenderer shall deploy adequate labour, as considered necessary by EEC for execution of the contract. The Tenderer shall possess adequate & experienced resources to ensure proper design, engineering, quality control and safety practices

in compliance to applicable EEC good Quality and Workmanship standards. The work shall be executed under stage inspection by EEC and if any work is found unsatisfactory by EEC engineers, the Tenderer shall rectify without any extra financial cost to EEC. If the Tenderer fails to mobilize sufficient resources on time, EEC reserves the right to terminate the contract due to non- performance and without prejudice to its other remedies under the contract, deduct from the contract prices, liquidated damages.

12. At least one full time qualified engineer (or Higher National diploma holder) and having a minimum of one year's experience shall supervise various activities pertaining to repairs of Distribution Transformers. Each and every test certificate shall be signed by the qualified engineer whose name, qualifications, passport size photo and experience to be considered shall be included in the offer. During factory visit if the qualified engineer is not found, the contract shall be terminated at the sole discretion of the EEC as per the General Conditions of Contract. Any replacement of the engineer SHALL be subject to EEC approval.
13. All the raw materials and components parts used for replacement shall conform to relevant EEC specifications and necessary test certificates and documentary evidence of purchase and use thereof in repairs of EEC's transformers shall be submitted to EEC on demand. All corresponding parts of similar make, type and capacity of transformers including the spare parts shall be inter-changeable and in strict compliance with EEC's Technical Specifications (*List /samples of main materials be submitted for approval*)-provide specifications
14. If tapping switch needs replacement, the same will be discarded in case of old 16-50 kVA and Transformer made fixed at nominal tap. Tapping switches for 100 KVA and above shall not be discarded, they shall be replaced.
15. The number of coils per limb, number of turns, conductor size and dimensions of complete limbs, with leg coils shall be same as that of the leg coils of the original transformers so that electrical/ mechanical characteristics of the repaired transformers shall remain same as that of original transformers. Any changes shall be subject to EEC approval of drawings and technical data. No transformer should be converted from copper winding to aluminium winding and vice versa.
16. All repaired transformers shall be filled with **new tested** transformer oil as detailed in Technical Specifications.
17. After repairing & testing of transformer, two Seals shall be provided on the opposite side of the transformer by the repair contractor. In case of failure, these seals are to be opened in presence of the repairer and EEC's representatives after external inspection. Transformers failed within warranty period shall be repaired immediately on receipt of information from EEC and not later than 30 days from

the date of intimation by EEC user department concerned; *otherwise NO further joint inspection of other repaired transformers will be carried out till the repair of guarantee period failed transformers is completed.*

18. The repairer shall maintain a ***Process Card for repairing of Distribution transformers*** (template *as per EEC approved format*) and be enclosed in respect of each transformer repaired to be produced for verification as and when required up to 6 months after expiry of the warranty period.

Construction Collection of Transformers for Repair

- a) Transformers shall be tested first by EEC Electrical Plant and given inspection certificates indicating the probable defects.
- b) Issuance of transformers for repair to external contractors shall be based on the available faulty transformers in excess of EEC's internal repair capacity. The transformers shall be issued together with copies of the inspection certificates.
- c) Repairable transformers with damaged tanks to have the tanks exchanged with good tanks from scrapped transformers before issuance by EEC. Minor defects on the tanks shall be repaired by the contractor before painting.
- d) The initial transformers to be allocated to the winning tenderer, will be based on capacity as tendered or as determined through due diligence. Subsequent transformers will be allocated in batches of figures to be agreed on at any given time, subject to returning to EEC stores, the earlier allocated transformers. However, for ratings of 630KVA and above can be issued individually based on need.
- e) To qualify for additional allocation, the contractor shall have returned the first batch of issued transformers repaired, tested, and approved by EEC during Factory Acceptance Tests (FAT) including scrap materials.
- f) The transformers shall be issued to the repair contractors through collection from depots and through unique internal orders created for each repair contractor.
- g) All transformers to be collected by contractors from different satellite stores across the country store. The contractor shall be responsible of loading the transformers onto the contractors' trucks.
- h) The contractor shall take responsibility of securing and safe transport of the transformers.
- i) The contractor shall continue to un-tank the units for a detailed joint inspection and notify EEC engineer through e-mail to send EEC officers for a joint inspection within 2 days from the date of collection of the transformers.

- j) Joint inspection shall be done on the un-tanked units to determine the full scope of the repairs within 4 days after collection of the transformer. Details and quantity of the scrap materials shall be documented and signed by the two parties during the inspection.
- k) The original copy of the signed joint inspection report shall be kept by EEC while the contractor shall keep a copy.
- l) The contractor shall prepare a quotation based on the scope of work approved by both EEC and the contractor and attach a copy of the joint inspection report.
- m) Only damaged tap changers for transformers from 100KVA shall be replaced. Damaged tap changers for 16KVA to 50 KVA shall be fixed at nominal tap and operating handle disabled.
- n) The EEC Engineer will verify any or sample quotation before approval of the batch.
- o) Approval shall be granted by the EEC before commencement of repairs and the contractor given written authority. The contractor shall retain the original approved quotation and a copy maintained by EEC.
- p) The contractor shall only be allowed to collect more transformers after the previous issue has been authorized for repair.
- q) No contractor shall be allowed to hold more than sixty transformers in his premises at any given time.
- r) All scrap materials shall be returned to EEC by the contractor within 30 days from the date of joint inspection of the transformers. No more transformers for repair shall be issued if this condition is not met.
- s) All transformers MUST be repaired, returned, and accepted by EEC within 60 days from the date of collection.
- t) However, approval can be sought with full justification from EEC for any transformer which may require to take long due to delays in overseas procurement of spare parts. This period is limited to a maximum of 3 months.
- u) Tenderers who demonstrate capacity to repair the special category of transformers (3300/11000V and 250/400V) will be given single units to repair on pilot basis and with close supervision of EEC engineers. Repairs will only be allowed to proceed after approval of designs and methodology. For qualification one must prove to have the capacity in terms of testing and handling equipment.

Repair Process

- a) Once approval for repair has been granted by EEC the contractor shall proceed to dismantle and repair the transformer.

- b) The contractor shall be responsible for good workmanship, good engineering practice and quality control in the repair of the transformers to ensure high quality of the final product.
- c) The contractor shall invite EEC for Stage inspection during the repair process before the transformer is put into the oven for drying.
- d) The contractor shall keep the copper and Aluminium scrap separately.
- e) The scrap Copper / Aluminium, bushing rods, tap switches, SHALL be prepared for collection by EEC within 30 days after approval of the repairs.
- f) EEC/ selected contractor shall collect the scrap copper Aluminium, bushing rods and tap switches from the contractor after verifying the quantity and weights.

Inspections

- a) All transformers will be inspected by EEC before the drying process to ensure compliance with the scope of work. The contractor shall notify the EEC Engineer of the units ready for drying and the EEC Engineers shall visit the repair facility within 3 days of notification.
- b) The EEC Engineers shall prepare a report confirming that everything has been done according to the scope of work. Details of the repairs done by the contractor shall be confirmed and documented in the stage inspection report.
- c) All the transformers (100%) and not samples shall undergo full routine tests according to IEC standards during Factory Acceptance Tests (FAT)
- d) The contractor shall give 7 days' notice to EEC before any FAT is conducted. The contractor shall submit to EEC the details of transformers ready for FAT together with their internal factory test reports.

Acceptance to EEC stores

- a) The FAT report shall be submitted to EEC for approval before delivery of the repaired transformers. All repaired transformers SHALL be delivered to EEC Main Stores Matsapha, King Sobhuza 11 avenue, opposite Eswatini Railways.
- b) The Inspection and Acceptance Committee shall inspect the transformers at the Main Stores Matsapha for before acceptance according to EEC procedures.
- c) The contractor shall collect any rejected transformers for re-works and avail them for FAT.

Payments

- The contractor shall submit invoices only for the transformers accepted by EEC at the EEC Main Stores. Support documents for payment shall include but not limited to: -

- Inspection and Acceptance Committee report with details of all the transformers accepted and workshop test certificates on samples.
- Original approved quotation for the repair works for the accepted transformers.

TRANSFORMERS BEYOND ECONOMIC REPAIR

- a) Transformers found beyond economic repair during joint inspection shall be sealed by EEC at 2 opposite ends and collected by the Scrap Disposal Contractor to be appointed by EEC.
- b) Transformers found beyond economical repair during the repair process shall be brought to the attention of EEC immediately. The EEC engineer shall verify the condition of the transformer before it is sealed and collected by the authorized scrap disposal contractor.
- c) The contractor shall not charge EEC for any work done on transformers found to be beyond economic repair.

Warranty

- a) **For effective enforcement of the warranty the following documents will be required: -**
 - FAT test certificate for the failed transformer
 - Stage inspection report
 - Commissioning report
 - Failure report
 - Detailed Sub-station and LV network inspection report including inspection sketches.

Documentation (Bidder to submit the following documents)

- b) Process card for repair of distribution transformers.
- c) List of tests and measuring equipment indicating their accuracy class (with valid calibration certificates from an accredited third-party laboratory/National Laboratory).
- d) Details of plant & machinery at contractors' workshop along with capacity of various machines.
- e) Details of available manpower including terms of service, experience in similar/related job along with proof of local content for foreign firms. Foreign employees should submit certified copies of valid work permits.

- f) Details of qualified engineer including photo, cv and certified copies of professional and academic certificates (certified by commissioner for oaths/notary public)
- g) Details of factory space including size of oven, provision for lifting cranes and other loading & unloading arrangements.

CONTRACT DURATION

The contract duration will be 24 months from the signing date.
