Part 1: Section 1 Instructions to Tenderers

Section 1: Instructions to Tenderers

A. General

1. Scope of Tender

- 1.1 The Ezulwini Town Council, invites Tenders for the construction of works, Tender NO. 25 of 2024/25, Upgrading of Buhleni Street in Ezulwini. The name and procurement reference number of the Contract and number of lots in this Tender Document are provided in the TDS. The Instructions to Tenderers (ITT) should be read in conjunction with the TDS.
- 1.2 The successful Contractor will be expected to complete the works by the Intended Completion Date specified in the Special Conditions of Contract (SCC).
- 1.3 Throughout this Tender document:
 - (a) the “Contractor” means the service provider.
 - (b) “day” means calendar day unless specified as working day.
 - (c) “day works” means varied work inputs subject to payment on a time basis for the Contractor’s employees and Equipment, in addition to payments for associated Materials and Plant.
 - (d) the “Employer” means the Procuring Entity.
 - (e) “ESHS” means environmental, social (including sexual exploitation and abuse (SEA) and gender -based violence (GBV)), health and safety.
 - (f) “in writing” means hand-written, type-written, printed or electronically made, and resulting in a permanent record.

2. Source of Funds

- 2.1 The PE has an approved budget towards the cost of the procurement named in the TDS. The PE intends to use these funds to place a contract for which this Tender Document is issued.
- 2.2 Payments will be made directly by the PE and shall be subject to the terms and conditions of the resulting contract placed by the PE.

3. Corrupt and Fraudulent Practices

- 3.1 It is the policy of the Government of The Kingdom of Eswatini through ESPPRA to require that PEs, as well as Contractors Sub- observe the highest standards of ethics during procurement and the execution of contracts.

Part 1: Section 1 Instructions to Tenderers

- (a) In pursuit of this policy, the Government of Eswatini defines for the purposes of this provision, the terms set forth below as follows:
- (i) “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value, to influence the action of a public official in the procurement process or in contract execution;
 - (ii) “fraudulent practice” means as any such practices under the code of ethics of the providers and not limited to misrepresentation of facts in order to influence a procurement or process or the execution of a contract to the detriment of the procuring or disposing entity, and includes collusive practices among Contractors prior to or after Tender submission designed to establish Tender prices at artificial non-competitive levels and to deprive the PE of the benefits of free and competitive competition;
- (b) The PE shall reject a recommendation for award if the Contractor recommended for award has engaged in corrupt or fraudulent practices; and
- (c) The Agency shall suspend a contractor from engaging in any public procurement proceedings for a stated period of time in accordance with the Procurement Act and the Regulations made under the Act, if the provider has engaged in corrupt or fraudulent practices.
- 3.2 In pursuit of the policy defined in ITT Sub-Clause 3.1, the PE may terminate a contract for works, if it at any time determines that corrupt or fraudulent practices were engaged in by representatives of the PE or of a Contractor or sub-Contractor during the procurement or the execution of a contract.
- 3.3 In further pursuit of the policy defined in ITT Sub-Clause 3.1, the Agency requires representatives of both the PE and of Contractors and sub-Contractors to adhere to the relevant codes of ethical conduct. The Code of Ethical Conduct for Contractors and Providers as provided in the Tender forms shall be signed by the Contractor and submitted together with the other Tender forms.
- 3.4 Any communications between a Contractor and the PE related to matters of alleged fraud or corruption must be made in writing and addressed to the Controlling Officer of the PE.

4. Eligible Contractors

- 4.1 A Contractor, and all parties constituting the Contractor, shall meet the following criteria to be eligible to participate in public procurement:
- (a) The Contractor has the legal capacity to enter into a contract with the PE;
 - (b) The Contractor is not:
 - Certified copy of valid Trading license,
 - Original/valid tax compliance certificate certified,
 - Certified copy of valid Labour Compliance Certificate,
 - Certified copy of a valid Eswatini National Provident Fund certificate,
 - Certified copy of Form J and Form C (Company ownership and shareholding),

Part 1: Section 1 Instructions to Tenderers

- Proof of registration with the Construction Industry Council, (C4 & above)
- Valid Director's police clearance certificate not older than three (3) months
- Director's certified copies of National Identification Documents,
- Certificate of Incorporation,
- Original general receipt (E500.00) for proof of payment for tender document,
- Audited Financial statements for the past 3 years,
- Name and contact details of at least three (3) reference (customers),
- Attach at least three (3) similar works done within the past four (5) years,
- Bid security Ten Thousand Emalangeni (E10,000.00)
- Signed declaration of eligibility

4.2 A Contractor may be a physical person or artificial person, such as an entity. A combination of persons can Tender if they have an agreement to form a Joint Venture (JV), Consortium or Association. Such a Tender shall include a Power of Attorney from each party authorizing a representative to conduct all business for and on behalf of the party during the Tender process, contract signature and contract execution. Each party to the JV, Consortium or Association shall be a signatory to the contract with the PE and shall be jointly and severally liable.

4.3 A Contractor, and all parties constituting the Contractor including sub-contractors, shall have the nationality of an eligible country, in accordance with Section 5, Eligible Countries. A Contractor shall be deemed to have the nationality of a country if the Contractor is a citizen or is constituted, incorporated, or registered and operates in conformity with the provisions of the laws of that country. This criterion shall also apply to the determination of the nationality of proposed subcontractors for any part of the Contract including related services.

4.4 A Contractor shall not have a conflict of interest. Any Contractor found to have a conflict of interest shall be disqualified. A Contractor may be considered to have a conflict of interest with one or more parties in this Tendering process, if the Contractor:

- (a) Has controlling shareholding with another Contractor; or
- (b) Receives or has received any direct or indirect subsidy from another Contractor; or
- (c) Has the same authorized representative for purposes of this tendering process as another Contractor; or
- (d) Has a relationship with another Contractor, directly or through common third parties, that puts the Contractor in a position to have access to information about or influence the Tender of another Contractor, or influence the decisions of the PE regarding this tendering process; or
- (e) Submits more than one Tender in this Tendering process, except for alternative Tenders permitted under ITT 19. However, this does not limit the participation of subcontractors in more than one Tender, or as Contractors and subcontractors simultaneously; or
- (f) Is associated, or has been associated in the past, directly or indirectly, with the consultant or any other entity that has prepared the design, specifications, and other documents for the Project or is being proposed as Project Manager for the Contract. A Contractor that

Part 1: Section 1 Instructions to Tenderers

has been engaged by the PE to provide consulting services for the preparation or supervision of the works, and any of its affiliates, shall not be eligible to Tender.

- 4.5 A Contractor that is suspended by the Agency shall not be eligible to participate in the Tendering process.
- 4.6 Government-owned enterprises shall be eligible only if they can establish that they are legally and operate under commercial law.
- 4.7 Contractors shall provide such evidence of their continued eligibility satisfactory to the PE, as the PE shall reasonably request.
- 4.8 To establish eligibility in accordance with ITT 4, a Contractor shall complete the eligibility declarations in the Tender Submission Sheet, included in Section 4, Tender Forms and submit the documents required in Section 3, Evaluation Methodology and Criteria.
- 4.9 A Contractor whose circumstances in relation to eligibility change during a procurement process or during the implementation of a contract, shall immediately inform the PE.
- 4.10 All materials, equipment and services to be used in the performance of the contract shall have as their country of origin an eligible country in accordance with Section 5, Eligible Countries.

5. Qualification of the Contractor

- 5.1 To establish its qualifications to perform the Contract, the Contractor shall complete and submit:
 - (a) The Qualification Form provided in Section 4, Tendering Forms; and
 - (b) The information and documents stated in Section 3, Evaluation Methodology and Criteria.
- 5.2 The qualifications of the best evaluated Contractor will be assessed as part of a post-qualification in accordance with ITT 40.

6. Joint Ventures, Consortia and Associations

- 6.1 Tenders submitted by a JV, Consortium or Association shall include a copy of the Joint Venture, Consortium or Association Agreement signed by all parties to the Joint Venture, Consortium or Association Agreement.
- 6.2 In addition to the requirements under ITT 15.1, Tenders submitted by a joint venture, consortium or association of two or more firms as partners shall comply with the following requirements, unless otherwise stated in the TDS:
 - (a) The Tender shall include all the information listed in Section 3, Evaluation Methodology and Criteria for each partner;
 - (b) The Tender shall be signed to be legally binding on all partners;
 - (c) All partners shall be jointly and severally liable for the implementation of the Contract in accordance with the Contract terms;

Part 1: Section 1 Instructions to Tenderers

- (d) One of the partners will be nominated as being in charge and receive instructions for and on behalf of any and all partners; and
- (e) The implementation of the entire Contract shall be by the Joint Venture, consortium or association.

7. One Tender per Contractor

Each Contractor shall submit only one Tender, either individually or as a partner in a joint venture, consortium or association. A Contractor who submits or participates in more than one Tender (other than as a subcontractor or in cases of alternatives that have been permitted or requested) shall cause all the Tenders with the Contractor's participation to be rejected.

8. Cost of Tendering

The Contractor shall bear all costs associated with the preparation and submission of his Tender, and the PE shall not be responsible or liable for those costs, regardless of the conduct or outcome of the Tendering process.

9. Site Visit and Pre-Tender Meeting

- 9.1 The Contractor, at the Contractor's own responsibility and risk, is encouraged to visit and examine the site of works and its surroundings and obtain all information that may be necessary for preparing the Tender and entering into a contract for construction of the works. The costs of visiting the site shall be at the Contractor's own expense.
- 9.2 The Contractor and any of its authorized personnel or agents shall be granted permission by the PE to enter upon its premises and lands for the purpose of such visit, but only upon the express condition that the Contractor, its personnel, and agents will release and indemnify the PE and its personnel and agents from and against all liability in respect thereof, and will be responsible for death or personal injury, loss of or damage to property, and any other loss, damage, costs, and expenses incurred as a result of the inspection.
- 9.3 If so indicated in the TDS, the PE will hold a pre-tender meeting or site visit at the time, date and location specified in the TDS to clarify issues and to answer questions on any matter that may be raised at that stage.
- 9.4 Contractors may submit any questions in writing to the Entity prior to the date of the meeting and may also orally raise questions at the meeting.
- 9.5 Minutes of the pre-tender meeting, if any was held, including the text of the questions asked by Contractors, without identifying the source, and the responses given, together with any responses prepared after the meeting, will be transmitted promptly to all Contractors who have acquired the Tendering Documents. Any modification to the Tendering Documents that may become necessary as a result of the pre-Tender meeting shall be made by the PE exclusively through the issue of an Addendum pursuant to ITT 12 and not through the minutes of the pre-Tender meeting. Unless otherwise indicated in the TDS, non-attendance at the site visit shall not cause disqualification of a Contractor.

Part 1: Section 1 Instructions to Tenderers

10. Margin of Preference

- 10.1 Unless otherwise specified in the TDS, a margin of preference shall apply. Where the margin of preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.

B. Tendering Document

11. Content of Tendering Document

- 11.1 The Tendering Document consists of Parts 1, 2, and 3, which includes all the Sections indicated below, and should be read in conjunction with any addenda issued in accordance with ITT Clause 13.

PART 1 Tendering Procedures

- Section 1. Instructions to Contractors (ITT)
- Section 2. Tender Data Sheet (TDS)
- Section 3. Evaluation Methodology and Criteria
- Section 4. Tendering Forms
- Section 5. Eligible Countries

PART 2 Statement of Requirements

- Section 6. Statement of Requirements

PART 3 Contract

- Section 7. General Conditions of Contract (GCC)
- Section 8. Special Conditions of Contract (SCC)
- Section 9. Contract Forms

- 11.2 Unless obtained directly from the Employer, the Employer is not responsible for the completeness of the Tendering Documents, responses to requests for clarification, the minutes of the pre-Tender meeting (if any), or Addenda to the Tendering Documents.
- 11.3 The Contractor is expected to examine all instructions, forms, terms and specifications in the Tendering Document and to furnish with its Tender all information and documentation required by the Tendering Documents.

12. Clarification of Tendering Document

A Contractor requiring any clarification of the Tendering Document shall contact the PE in writing at the PE's address indicated in the TDS. The PE will respond in writing to any request for clarification, provided that such a request is received no later than the date indicated in the TDS. The PE shall forward copies of its response to all Contractors who have acquired the Tendering Document, including a description of the inquiry but without identifying its source.

Part 1: Section 1 Instructions to Tenderers

Should the PE deem it necessary to amend the Tendering Document as a result of a clarification, it shall do so following the procedure under ITT 13 and ITT 24.2.

13. Amendment of Tendering Document

- 13.1 Prior to the deadline for submission of Tenders, the PE may amend the Tendering Document by issuing an addendum.
- 13.2 Any addendum issued shall be part of the Tendering Document and shall be communicated in writing to all who have obtained the Tendering Document directly from the PE.
- 13.3 To give Contractors reasonable time in which to take an addendum into account in preparing their Tenders, the PE shall extend the deadline for submission of Tenders by a reasonable period in the event that less than one third of the Tendering period remains after the issue date of the addendum. The PE may, at its discretion, extend the deadline for the submission of Tenders, where more than one third of the Tendering period remains after the date of issue of the addendum.

C. Preparation of Tenders

14. Language of the Tender and Communications

- 14.1 The Tender shall be in writing.
- 14.2 The Tender, as well as all correspondence and documents relating to the Tender exchanged between the Contractor and the PE, shall be written in English or unless otherwise specified in the TDS.
- 14.3 Supporting documents and printed literature that are part of the Tender may be in another language provided they are accompanied by an accurate translation by a competent institution of the relevant passages to the language stated in the ITT Sub-clause 14.2. In which case, for purposes of interpretation of the Tender, such translation shall govern.

15. Documents Comprising the Tender

- 15.1 The Tender submitted by the Contractor shall comprise the following:
 - (a) The Tender Submission Sheet, in accordance with ITT 15.2;
 - (b) A Tender Security or a Tender Securing Declaration in accordance with ITT 20;
 - (c) Written confirmation authorising the signatory of the Tender to commit the Contractor, in accordance with ITT 22;
 - (d) Documentary evidence in accordance with ITT 4.8 establishing the Contractor's eligibility to Tender;
 - (e) A priced Activity Schedule or Bill of Quantities in accordance with ITT 16 and 17;
 - (f) The Qualification Form and Documents in accordance with ITT 5;
 - (g) Technical documentation (description of the proposed work method and schedule, including drawings and charts, as necessary) in accordance with ITT 16;

Part 1: Section 1 Instructions to Tenderers

(h) The duly signed Code of Ethical Conduct for Contractors and Providers in accordance with ITT 3.3; and

(i) Any other document(s) required in the TDS.

15.2 The Contractor shall submit the Tender Submission Sheet using the form provided in Section 4, Tendering Forms. This form must be completed without any alterations to its format, and no substitutes shall be accepted. All blank spaces shall be filled with the information requested.

16. Technical Documentation

16 The Contractor shall furnish technical documentation including a statement of work, equipment, personnel, schedule and any other information as stipulated in Section 4, Tendering Forms, in sufficient detail to demonstrate the adequacy of the Contractor's proposal to meet the work's requirements and the completion time.

17. Tender Prices and Discounts

17.1 The prices and discounts quoted by the Contractor in the Tender Submission Sheet and in the Priced Activity Schedules or Bills of Quantities submitted by the Contractor shall conform to the requirements specified below.

17.2 The Contractor shall fill in rates and prices for all items of the works described in the Bill of Quantities. If a Price Schedule shows items listed but not priced, their prices shall be assumed to be included in the prices of other items. Items not listed in the Price Schedule shall be assumed not to be included in the Tender, and provided that the Tender is substantially responsive, the corresponding adjustment shall be applied in accordance with ITT 32.3.

17.3 The price to be quoted in the Tender Submission Sheet shall be the total price of the Tender, excluding any discounts offered. In the event that taxes are not exempt, the price must include any applicable taxes.

17.4 The Contractor shall quote any unconditional and conditional discounts in the Tender Submission Sheet.

17.5 The total Tender price shall be for the whole works based on the priced Activity Schedule or Bill of Quantities submitted by the Contractor.

17.6 The contract price or tender price quoted by the Contractor shall be subject to adjustment during the performance of the Contract if provided for in the SCC and the provisions of Clause 47 of the GCC.

18. Currencies of Tender and Payment

18.1 Tender prices for works and related services originating in and outside Eswatini shall be quoted in Eswatini Lilangeni unless authorised by a competent authority.

Part 1: Section 1 Instructions to Tenderers

- 18.2 If authorised by the competent authority the Contractor shall utilise the rate of exchange specified in the TDS to express its offer. The source, date and type of exchange rate shall be indicated in ITT 36.
- 18.3 If authorised by the competent authority, Contractors shall indicate details of their expected foreign currency requirements in the Tender. Foreign currency requirements shall be indicated as a percentage of the Tender price (excluding provisional sums) and shall be payable at the option of the Contractor in up to two foreign currencies, unless otherwise stated in the TDS.
- 18.4 If authorised by the competent authority, Contractors may be required by the PE to clarify their foreign currency requirements and to substantiate that the amounts included in the lump sum and in the SCC are reasonable and responsive to ITT 18.3.

19. Tender Validity

- 19.1 Tenders shall remain valid until the date specified in the TDS. A Tender valid for a shorter period shall be rejected by the PE as non-compliant while a Tender valid for a longer period than the date specified in the TDS shall not be rejected but shall only be valid until the date in the TDS.
- 19.2 The PE shall make its best effort to complete the procurement process within the duration of the validity period specified in the TDS. A PE must ensure the validity of Tenders, Tender securities and Tender securing declarations throughout the procurement process until contract signature.
- 19.3 In exceptional circumstances, prior to the expiration of the Tender validity period, the PE may request Contractors to extend the period of validity of their Tenders. The request and the responses shall be made in writing. If a Tender Security or a Tender Securing Declaration is requested in accordance with ITT Clause 20, it shall also be extended for a period corresponding to the extension of the Tender validity. A Contractor may refuse to extend its Tender validity period without forfeiting its Tender Security or Tender Securing Declaration. A Contractor who extends the validity periods of its Tender and Tender security or Tender securing declaration shall not be required or permitted to modify its Tender.

20. Tender Security or Tender Securing Declaration

- 20.1 The Contractor shall furnish as part of its Tender either a Tender Security or a Tender Securing Declaration as specified in the TDS in original form and, in the case of a Tender Security, in the amount and currency specified in the TDS.
- 20.2 If a Tender security is specified pursuant to ITT 20,1, the Tender security shall be a demand guarantee in the amount specified in the TDS and denominated in Eswatini Lilangeni or a freely convertible currency, and shall:
- (a) Be issued by a reputable financial institution selected by the Contractor from an eligible country. If the institution issuing the security is located outside Eswatini, it shall be enforceable through a financial institution located in Eswatini.

Part 1: Section 1 Instructions to Tenderers

- (b) Be in the form of the Tender security included in section 4, Tendering forms;
- (c) Be discharged by the financial institution immediately upon written demand by the PE in case the conditions stated in the Tender security are invoked;
- (d) Be included in the Tender and submitted in its original form - copies shall not be accepted.

20.3 The Tender Security or Tender Securing Declaration shall be submitted using the appropriate form included in Section 4, Tendering Forms and shall be valid until the date specified in the TDS.

20.4 Any Tender not accompanied by appropriate Tender Security or Tender Securing Declaration, shall be rejected by the PE as non-compliant.

20.5 The Tender Security of all Contractors shall be returned as promptly as possible once the successful Contractor has signed the contract and provided the required Performance Security and ESHS Performance Security where applicable.

20.6 The Tender Security or Tender Securing Declaration of a JV, Consortium or Association must be issued in the names of all their members or partners.

20.7 The Tender Security may be forfeited, or the conditions of the Tender Securing Declaration executed in the following circumstances:

- (a) If a Contractor withdraws its Tender during the period of Tender validity specified by the Contractor in the Tender Submission Sheet, or during any extension thereto;
- (b) If a Contractor fails to accept the correction of its Tender price pursuant to ITT Sub-Clause 32.5; or
- (c) If the successful Contractor fails to:
 - (i) Sign the Contract in accordance with ITT 45;
 - (ii) Furnish a Performance Security and if required in the TDS, the Environmental, Social, Health and Safety (ESHS) Performance Security in accordance with ITT 46.2.

21. Alternative Tenders

21.1 Contractors shall submit offers that comply with the requirements of the Tendering documents, including the basic technical design as indicated in the drawings and specifications. Alternative Tenders shall not be permitted.

22. Format and Signing of Tender

22.1 The Contractor shall prepare one original of the documents comprising the Tender as described in ITT Clause 14 and clearly mark it "ORIGINAL." In addition, the Contractor shall submit copies of the Tender, in the number specified in the TDS, and clearly mark each of them "COPY." In the event of any discrepancy between the original and the copies, the original shall prevail.

22.2 The original and all copies of the Tender shall be signed by the Contractor in the event that he or she is a physical person personally submitting the Tender and in any other event by a person duly

Part 1: Section 1 Instructions to Tenderers

authorised to sign on behalf of the Contractor. This authorisation shall consist of a Power of Attorney which if signed in Eswatini shall be registered with the competent authority and if signed outside Eswatini, shall be notarized. The Power of Attorney shall be submitted in the Tender. The name and position held by each person signing the authorisation must be typed or printed below the signature. All pages of the Tender, except for un-amended printed literature, shall be signed or initialled by the person authorized to sign the Tender.

- 22.3 The Tender shall contain no alterations or additions, except those to comply with instructions issued by the PE, or as necessary to correct errors made by the Contractor, in which case such corrections shall be initialed by the person(s) signing the Tender.
- 22.4 In the case of Tenders submitted by a JV, Consortium or Association, each member or partner shall nominate a representative through the power of attorney to conduct all business on its behalf during the Tender preparation, Tendering process and contract execution in case of award of the contract. Each representative duly nominated through the power of attorney shall commit each respective member or partner by executing a JV, Consortium or Association agreement providing; that the parties shall jointly submit a Tender, naming the lead member or partner and authorizing the representative of the lead member or partner who was granted power of attorney to sign the Tender.
- 22.5 Any inter-lineation, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Tender.

D. Submission and Opening of Tenders

23. Sealing and Marking of Tenders

- 23.1 The Contractor shall enclose the original and each copy of the Tender, in separate sealed envelopes or packages, duly marking the envelopes as “ORIGINAL” and “COPY.” These envelopes or packages containing the original and the copies shall then be enclosed in one single plain envelope or package securely sealed in such a manner that opening and resealing cannot be achieved undetected and shall be submitted as specified in the TDS.
- 23.2 The inner and outer envelopes shall:
- Bear the name and address of the Contractor;
 - Be addressed to the PE in accordance with ITT 23.1;
 - Bear the Procurement Reference number of this Tendering process; and
 - Bear a warning not to open before the time and date for Tender opening, in accordance with ITT 23.1.
- 23.3 If all envelopes are not sealed and marked as required, the PE will assume no responsibility for the misplacement or premature opening of the Tender.

24. Deadline for Submission of Tenders

Part 1: Section 1 Instructions to Tenderers

24.1 Tenders must be received by the PE at the address and no later than the date and time indicated in the TDS. When so specified in the TDS, Contractors shall have the option of submitting their Tenders electronically. Contractors submitting Tenders electronically shall follow the electronic Tender submission procedures specified in the TDS.

24.2 The PE may, at its discretion, extend the deadline for the submission of Tenders by amending the Tendering Documents in accordance with ITT 13, in which case all rights and obligations of the PE and Contractors previously subject to the deadline shall thereafter be subject to the deadline as extended.

25. Late Tenders

The PE shall not consider any Tender that arrives after the deadline for submission of Tenders, in accordance with ITT 24. Any Tender received by the PE after the deadline for submission of Tenders shall be declared late, rejected, and returned unopened to the Contractor.

26. Withdrawal and Replacement of Tenders

26.1 A Contractor may withdraw or replace its Tender after it has been submitted at any time before the deadline for submission of Tenders by sending a written notice, duly signed by an authorised representative, which shall include a copy of the authorisation in accordance with ITT 24.2. Any corresponding replacement of the Tender must accompany the respective written notice. All notices must be:

- (a) Submitted in accordance with ITT 23 and 24 (except that withdrawals notices do not require copies), and in addition, the respective envelopes shall be clearly marked “Withdrawal,” or “REPLACEMENT,” and
- (b) Received by the Procuring Entity prior to the deadline prescribed for submission of Tenders, in accordance with ITT Clause 24.

26.2 Tenders requested to be withdrawn in accordance with ITT Sub-Clause 24.1 shall be returned unopened to the Contractor.

26.3 No Tender may be withdrawn or replaced in the interval between the deadline for submission of Tenders and the expiration of the period of Tender validity specified by the Contractor in the Tender Submission Sheet or any extension thereof.

26.4 Tenders may only be modified by withdrawal of the original Tender and submission of a replacement Tender in accordance with ITT Sub-Clause 26.1. Modifications submitted in any other way shall not be taken into account in the evaluation of Tenders.

26.5 Contractors may only offer discounts to, or otherwise modify the prices of their Tenders, by withdrawing and replacing their Tender in accordance with this clause, or by including the discount in the original Tender submission in accordance with ITT 17.

27. Tender Opening

27.1 The PE shall conduct the Tender opening in the presence of Contractors` designated representatives who choose to attend, and at the address, date and time specified in the TDS.

Page 21 of 148	Originated by:	Procurement Officer
Revision 00	Approved by:	CEO
	Effective Date:	01/08/2024

Part 1: Section 1 Instructions to Tenderers

Any specific electronic Tender opening procedures required if electronic Tendering is permitted in accordance with ITT 24.1 shall be as specified in the TDS.

- 27.2 First, envelopes marked “WITHDRAWAL” shall be opened and read out and the envelope with the corresponding Tender shall not be opened but returned to the Contractor. No Tender withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorisation to request the withdrawal and is read out at the Tender opening.
- 27.3 All other envelopes including those marked “REPLACEMENT” shall be opened and the relevant details read out. Replacement Tenders shall be recorded as such on the record of the Tender opening. The corresponding tender that is being replaced shall be returned unopened to the contractor.
- 27.4 Only envelopes or packages that are opened and read out at the Tender opening shall be evaluated.
- 27.5 All other envelopes shall be opened one at a time, reading out: the name of the Contractor; the Tender price, per lot where applicable, including any discounts; the presence of a Tender Security or Tender Securing Declaration; and any other details as the Procuring Entity may consider appropriate. No Tender shall be rejected at the Tender opening except for late Tenders, in accordance with ITT 25
- 27.6 The PE shall prepare a record of the Tender opening that shall include, as a minimum: the name of the Contractor and whether there is a withdrawal and/or replacement; the total Tender price or the Tender price per lot if applicable, including any discounts; the presence or absence of a Tender Security or Tender Securing Declaration, and whether a Power of Attorney was submitted. The Contractors’ representatives who are present shall be requested to sign the record. The omission of a Contractor’s signature on the record shall not invalidate the contents and effect of the record. 27.7 The opened tenders shall immediately to taken to a secure location, where they shall be kept until the evaluation begins.

E. Evaluation of Tenders

28. Confidentiality

- 28.1 Information relating to the examination, evaluation, comparison, and post-qualification of Tenders, and recommendation of contract award, shall not be disclosed to Contractors or any other persons not officially concerned with such process until information detailing the Best Evaluated Contractor is communicated to all Contractors.
- 28.2 Any attempt by a Contractor to influence the PE in the examination, evaluation, comparison, and post-qualification of the Tenders or contract award decisions may result in the rejection of its Tender.
- 28.3 Notwithstanding ITT 28.2, from the time of Tender opening to the time of Contract award, if any Contractor wishes to contact the PE on any matter related to the Tendering process, it should do so in writing.

Part 1: Section 1 Instructions to Tenderers

29. Evaluation of Tenders

- 29.1 The PE shall use the criteria and methodologies listed in Section (3, Evaluation Methodology and Criteria. No other evaluation criteria or methodology shall be permitted. By applying the set criteria and methodology, the PE shall determine the Best Evaluated Tender.
- 29.2 If this Tendering document allows Contractors to quote separate prices for different lots, the methodology to determine the Best Evaluated Tender for a lot shall be as specified in Section 3, Evaluation Methodology and Criteria.

30. Clarification and Changes to Tenders

- 30.1 To assist in the examination, evaluation, comparison and post-qualification of the Tenders, the Procuring Entity may, at its discretion, ask any Contractor for a clarification of its Tender, including breakdowns of unit rates or prices. Any clarification submitted by a Contractor that is not in response to a request by the PE shall not be considered. The PE's request for clarification and the Contractor's response shall be in writing. No change in the prices or substance of the Tender shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the PE in the evaluation of the Tenders, in accordance with ITT 32.
- 30.2 If a Contractor does not provide clarifications of its Tender by the date and time set in the PE's request for clarification, its Tender may be rejected.

31. Compliance and Responsiveness of Tenders

- 31.1 The PE's determination of a Tender's compliance and responsiveness is to be based only on the contents of the Tender itself with the exception of findings recorded in the Evaluation Report after a due diligence or post qualification.
- 31.2 A substantially compliant and responsive Tender is one that conforms to all the terms, conditions, and specifications of the Tendering Document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:
- (a) Affects in any substantial way the scope, quality, or performance of the Works specified in the Contract; or
 - (b) Limits in any substantial way, inconsistent with the Tendering Document, the PE's rights or the Contractor's obligations under the Contract; or
 - (c) If rectified would unfairly affect the competitive position of other Contractors presenting substantially compliant and responsive Tenders.
 - (d) Impacts the key factors of a procurement including cost, risk, time and quality and causes -
 - (i) Unacceptable time schedules, where it is stated in the Tendering document that time is of the essence;
 - (ii) Unacceptable alternative technical details, such as design, materials, workmanship, specifications, standards or methodologies; or unacceptable counter-Tenders with

Part 1: Section 1 Instructions to Tenderers

respect to key contract terms and conditions, such as payment terms, price adjustment, liquidated damages, sub-contracting or warranty.

- 31.3 If a Tender is not substantially compliant and responsive to the Tendering Document, it shall be rejected by the PE and may not subsequently be made compliant and responsive by the Contractor by correction of the material deviation, reservation, or omission.

32. Nonconformities, Errors, and Omissions

- 32.1 Provided that a Tender is substantially compliant and responsive, the PE may waive any non-conformity or omission in the Tender that does not constitute a material deviation.

- 32.2 Provided that a Tender is substantially compliant and responsive, the PE may request that the Contractor submit the necessary information or documentation, within a reasonable period of time, to rectify non-material nonconformities or omissions in the Tender related to documentation requirements. Such an omission shall not be related to any aspect of the price of the Tender. Failure of the tender to comply with the request may result in the rejection of its Tender.

- 32.3 Provided that a Tender is substantially compliant and responsive, the PE shall rectify nonmaterial nonconformities or omissions. To this effect, the Tender price shall be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component. The cost of any missing items will be added to the Tender price using the highest price from other Tenders submitted.

- 32.4 Provided that the Tender is substantially compliant and responsive, the PE shall correct arithmetic errors on the following basis:

- (a) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the PE there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
- (b) If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and
- (c) If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

- 32.5 If a Contractor does not accept the correction of errors, the Tender shall be rejected, and the Tender Security may be forfeited or conditions in the Tender Securing Declaration executed.

33. Stages of Evaluation: Using the Technical Compliance Selection Evaluation Method

The evaluation of a Tender for the procurement of works using the technical compliance evaluation method shall be conducted under the following stages:

Part 1: Section 1 Instructions to Tenderers

34. Preliminary Examination of Tenders – Eligibility and Administrative Compliance

- 34.1 The PE shall examine the legal documentation to establish the eligibility of the Contractors and to verify the validity and authenticity of the documents submitted by the Contractor.
- 34.2 If after the examination of eligibility, the PE determines that the Tender is not compliant, it shall reject the Tender with the exception of rectification of omissions in accordance with ITT 32.2.
- 34.3 The PE shall confirm that the following administrative compliance documents and information have been provided in the Tender. If any of these documents or information is missing or contrary to the requirements in the Tendering document, the Tender shall be rejected.
- (a) The Tender Submission Sheet duly signed by the authorized representative of the Contractor, including:
 - (i) A brief description of the works and related services offered;
 - (ii) The total price of the Tender; and
 - (iii) The appropriate duration of the Tender validity;
 - (b) The Price Schedule;
 - (c) A Power of Attorney in accordance with ITT 22.2; and
 - (d) An authentic Tender Security or Tender Securing Declaration, whichever is applicable, in the appropriate form and amount.
- 34.4 Eligibility and administrative compliance shall be determined on a pass or fail basis and a Tender which is not eligible or administratively compliant shall be rejected at the preliminary stage of evaluation.

35. Technical Evaluation

- 35.1 The PE shall examine the technical aspects of the Tender submitted in accordance with ITT 16, in particular, to confirm that all requirements of Section 6, Statement of Requirements (SoRs) have been met without any material deviation, reservation or omission.
- 35.2 The determination shall be based upon an examination of the documentary evidence of the Contractor's qualifications submitted by the Contractor, pursuant to ITT Clause 5, to clarifications in accordance with ITT Clause 30 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria.
- 35.3 If, after the examination of the terms, conditions and requirements, the PE determines that the Tender is not substantially responsive in accordance with ITT 31, it shall reject the Tender.

36. Currency and Exchange Rate

- 36.1 The currency that shall be used for evaluation purposes for all Tenders shall be Eswatini Lilangeni unless otherwise authorized by a competent authority.

Part 1: Section 1 Instructions to Tenderers

36.2 The exchange rate shall be the prevailing Central Bank of Eswatini exchange rate and shall not precede the tender submission deadline by less than 21 days. Should this date be a non-working day, the selling exchange rate on the date prior to this non-working day shall be used for currency conversion or as otherwise specified in the TDS.

37. Financial Comparison of Tenders

37.1 The PE will evaluate and compare only the Tenders determined to be substantially responsive following Technical Evaluation in accordance with ITT 37.3.

37.2 To financially evaluate a Tender, the PE shall only use the criteria and methodologies defined in this clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.

37.3 To financially compare Tenders, the PE shall:

- (a) Correct any arithmetic errors in accordance with ITT 30.1;
- (b) Apply any discounts offered in accordance with ITT 17;
- (c) Make adjustments for any deviation that is not a material deviation in accordance with ITT 32;
- (d) Convert all Tenders to a single currency in accordance with ITT 18;
- (e) Apply any margin of preference, in accordance with ITT 38;
- (f) Determine the total evaluated price of each Tender.

37.4 The PE shall consider prices that appear to:

- (a) Be unbalanced;
- (b) Show a misunderstanding of the requirements; or
- (c) Be intended to front load earnings.

37.5 The PE reserves the right to accept or reject any variation, deviation, or alternative offer. Variations, deviations, and alternative offers and other factors which are in excess of the requirements of the Tendering documents or otherwise result in unsolicited benefits for the PE will not be taken into account in Tender evaluation, unless otherwise specified in Section 3, Evaluation Methodology and Criteria.

37.6 The estimated effect of any price adjustment conditions under Clause 47 of the GCC, during the period of implementation of the Contract, will not be taken into account in Tender evaluation, unless otherwise indicated in Section 3, Evaluation Methodology and Criteria.

38. Margin of Preference

38.1 Unless otherwise specified in the TDS, a margin of preference shall apply. Where a Margin of Preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.

38.2 For the purpose of granting a margin of domestic preference, Tenders will be classified in two groups, as follows:

Part 1: Section 1 Instructions to Tenderers

- (a) Group A: Swati Company participating alone in the tender [*In accordance with Regulation 12(2) of the Procurement Regulations, 2020*]
- (b) Group B: Foreign Company sub-contracting or partnering with a Swati company [*In accordance with Regulation 12(5) of the Procurement Regulations, 2020*]

39. Determination of Best Evaluated Tender

The best evaluated Tender shall be the lowest priced Tender, which is eligible, administratively and technically compliant to the requirements specified in the Tendering document.

F. Award of Contract

40. Award Procedure and Notice of Intention to Award

- 40.1 An award decision by the relevant approvals authority is not a contract. The Contractor with the best evaluated Tender shall be awarded the contract following an adjudication by the relevant approvals authority.
- 40.2 The PE shall issue a Notice of Intention to Award within five (5) working days after the decision of the relevant approvals authority to all Contractors who participated in the Tendering process and the Agency for publication on its website
- 40.3 No contract shall be awarded within the period of ten (10) working days after the date of issuance of the Notice of Intention to Award.
- 40.4 Negotiations will only be held in exceptional circumstances as provided for under the Procurement Act.

41. PE's Right to Accept any Tender and to Reject any or all Tenders

The PE reserves the right to accept or reject any Tender and to cancel the Tendering process at any time prior to contract award, without thereby incurring any liability, subject to adherence to Regulation 26 and 27. of the Public Procurement Regulations of 2020.

42. Confirmation of Award

An award shall be confirmed by acceptance of a Letter of Award by the contractor.

43. Signing and Effectiveness of Contract

- 43.1 On expiry of the ten (10) working day period after issuance of the letter of appointment to the best evaluated Contractor, the PE shall promptly sign a contract with the successful Contractor.
- 43.2 Failure by the successful Contractor to promptly sign the contract shall constitute sufficient ground for annulment of the contract award decision and forfeiture of the Tender Security or execution of the Tender Securing Declaration. In that event, the PE may award the Contract

Part 1: Section 1 Instructions to Tenderers

to the next best ranked Contractor whose Tender was evaluated at the financial comparison stage.

- 43.3 Effectiveness of the contract shall be subject to submission of a satisfactory performance security where applicable and any other conditions specified in the Contract.
- 43.4 A contract shall not be entered into by the Controlling Officer with a Contractor during the period of administrative review.

44. Debriefing of Contractors

- 44.1 The Contractor shall be provided with information on the reasons for the failure of its Tender after the notice of Intention to Award has been issued. The Procuring Entity shall give the Contractor a written debrief.

45. Performance Security

- 45.1 Within twenty-one (21) calendar days after signing of the contract, the successful Contractor shall where applicable, furnish to the PE a Performance Security and the Environmental, Social, Health and Safety (ESHS) Performance Security if required in the TDS, in the amount stipulated in the SCC and in the form of an on demand Bank Guarantee as stipulated in Section 9, denominated in the type and proportions of the currencies of the Contract. The Performance Security shall be issued by a Bank located in Eswatini or a foreign Bank through correspondence with a Bank located in Eswatini. Notwithstanding the foregoing and unless the acceptance of a performance security by the procuring entity would be in violation of the laws of Eswatini, a procuring entity shall not reject a performance security on the grounds that the performance security was not issued by the issuer in Eswatini, if the performance security and the issuer otherwise conform to the requirements prescribed in the invitation document.
- 45.2 Failure of the successful Contractor to submit the above-mentioned Performance Security and the Environmental, Social, Health and Safety (ESHS) Performance Security, if required in the TDS, shall constitute sufficient ground for annulment of the contract award decision. In this case, or where the successful Contractor fails to sign the contract as stated in ITT Clause 43.2, the successful Contractor's Tender Security shall be forfeited, or the conditions of the Tender Securing Declaration shall be executed. In that event, the PE may award the contract to the next best ranked Contractor whose Tender was evaluated at the financial comparison stage.

46. Procurement Related Complaints and Administrative Review

- 46.1 The procedures for making a Procurement-related Complaint are as specified in the TDS

47. Abnormally Low and Abnormally High Prices

47.1 Abnormally Low Prices

- 47.1.1 An Abnormally Low Price is one where the financial price, in combination with other constituent elements of the Tender, appears unreasonably low to the extent that the price

Part 1: Section 1 Instructions to Tenderers

raises material concerns with the Procuring Entity as to the capability of the Contractor to perform the Contract for the offered price.

- 47.1.2 In the event of identification of a potentially Abnormally Low Price by the evaluation committee, the Procuring Entity shall seek written clarification from the firm, including a detailed price analysis of its price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the Tendering document.
- 47.1.3 After evaluation of the price analyses, if the Procuring Entity determines that the firm has failed to demonstrate its capability to perform the contract for the offered price, the Procuring Entity shall reject the firm's Tender.

47.2 Abnormally High Prices

- 47.2.1 An abnormally high price is one where the proposal price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between the Contractors is compromised.
- 47.2.2 In case of an abnormally high tender price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tendering Document to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high proposals. The Procuring Entity may also seek written clarification from the Contractor on the reason or the high Tender price. The Procuring Entity shall proceed as follows:
- i) If the Tender price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the proposal depending on the Procuring Entity's budget considerations.
 - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high proposal prices, the Procuring Entity shall reject all Tenders and may re-invite for Tenders for the contract based on revised estimates, specifications, scope of work and conditions of contract.
- 47.2.3 If the Procuring Entity determines that the Tender Price is abnormally too high because genuine competition between Contractors is compromised (often due to collusion, corruption or other manipulations), the Procuring Entity shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise and copy ESPPRA, before re-inviting tenders.

Part 1: Section 2 Tender Data Sheet

Section 2: Tender Data Sheet

Instructions to Contractors Reference	Data relevant to the ITT
ITT 1.1	The Procuring Entity is: EZULWINI MUNICIPALITY
ITT 1.1	The works consist of: Upgrading of Buhleni Street to an asphalt finished road.
ITT 1.1	The Procurement Reference Number of the Contract is: Tender No. 25 of 2024/25
ITT 1.1	The number and identification of lots comprising this Tendering Document is: Tender No. 25 of 2024/25 The minimum and maximum number of lots a Contractor may Tender for is: one (1)
ITT 9.3	The PE <i>shall</i> be holding a pre-Tender meeting or site visit. If a pre-Tender meeting / Site visit is to be held, it shall take place at: Location: Ezulwini Municipality and proceed to Site Date: February 18 th , 2025 Time: 10:00 am
ITT 9.5	Site visit shall be a mandatory requirement.
ITT 12	For clarification purposes only, the Procuring Entity's address is: Attention: CEO/ Town Clerk Physical Address: Ezulwini Municipality, Mpumalanga Road, Lot 1 Mountain View Township Telephone: +268 2417 1747 Electronic mail address: mathokozas@ezulwini.co.sz
ITT 12	The Procuring Entity will respond to any request for clarification provided that such request is received no later than February 24 th , 2025

Instructions to Contractors Reference	Data relevant to the ITT
	<p>Email address: <i>[mathokozas@ezulwini.co.sz]</i></p> <p>In summary, a procurement-related complaint may challenge any of the following:</p> <ol style="list-style-type: none"> 1. the terms of the Tendering Documents; and 2. the Procuring Entity's decision to award the contract.

Part 1: Section 3 Evaluation Methodology and Criteria

Section 3: Evaluation Methodology and Criteria

Procurement Reference Number: TENDER 25 OF 2024/25

A. Evaluation Methodology

1. Methodology Used

The evaluation methodology to be used for the evaluation of Tenders received shall be the Technical Compliance Selection (TCS) methodology.

2. Summary of Methodology

2.1 The evaluation shall be conducted in four sequential stages –

- (a) A Preliminary Examination to determine the eligibility of Contractors and the administrative compliance of Tenders received;
- (b) A Technical Evaluation to determine the technical responsiveness of the eligible and compliant Tenders;
- (c) A Financial Comparison to compare costs of the eligible, compliant, responsive Tenders received and determine the best evaluated Tender; and
- (d) Post qualification to confirm whether the best evaluated Contractor has the capacity and resources to effectively execute the procurement.

2.2 Failure of a Tender at any stage of the evaluation shall prevent further consideration at the next stage of evaluation. Substantial responsiveness shall be considered a pass at the Technical Evaluation stage.

B. Preliminary Examination Criteria

3. Eligibility Criteria

3.1 The eligibility requirements shall be determined in accordance with ITT Clause 4; and

3.2 The documentation required to provide evidence of eligibility shall be:-

	Eligibility Requirement	Documentary Evidence to be Provided by the Contractor
(a)	The Contractor has legal capacity to enter into the contract	<ul style="list-style-type: none"> (i) Certificate of Incorporation or Registration (ii) Valid trading License for the current year (iii) Certified copy of Form J and C (Company ownership and shareholding)

Part 1: Section 3 Evaluation Methodology and Criteria

		(iv) CIC registration C4 & above (v) Certificate of incorporation (vi) Original/copy general receipt of (E500.00) for proof of payment for the tender document
(b)	The Contractor is not insolvent, in receivership, bankrupt or being wound up, its affairs are not being administered by a court or a judicial officer, its business activities have not been suspended, and it is not the subject of legal proceedings for any of the foregoing	Audited Financial statements for the past 3 years. Bid security of Ten Thousand Emalangeneni (E10 000.00)
(c)	The Contractor has fulfilled its obligations to pay taxes	Valid Tax Compliance Certificate issued by Tax Regulator
(d)	The Contractor has fulfilled its obligations to social security contributions	Valid Eswatini National Provident Fund Compliance Certificate <i>[for Swati firms only]</i> Social Security Compliance Certificate or equivalent <i>[for foreign firms]</i>
(e)	The Contractor adheres to basic labour legislation	Valid Labour Compliance Certificate <i>[for Swati firms]</i>
(f)	The Contractor does not have a conflict of interest in relation to the procurement requirement	A written declaration signed by the authorised representative of the Contractor
(g)	The Contractor, or any of its directors or officers, have not been convicted of any criminal offence relating to professional conduct or the making of false statements or misrepresentations as to its qualifications to enter into a procurement contract within a period of five years	A Certificate or Letter of Good Conduct Issued by a Competent Authority in the Contractor's Country <i>[for foreign firms]</i> Valid Director's Police clearance certificate not older than three (3) months from the date of submission

Part 1: Section 3 Evaluation Methodology and Criteria

	preceding the commencement of procurement proceedings	
(f)	The Contractor is not subject to suspension in accordance with section 55 [of the Public Procurement Act, 2011] ¹ , and none of its directors or officers have been involved in a Contractor or supplier currently subject to suspension	A written declaration signed by the authorised representative of the Contractor

Procuring Entity shall include “or equivalent document” in respect of international tenders and shall indicate the information provided by the corresponding document obtainable from the Eswatini jurisdiction appreciation of foreign bidders to submit corresponding documents.

3.3 For Joint Venture or Consortiums or Associations;

- a) A registered Power of Attorney from each member or partner if drawn and signed in Eswatini; or a notarised Power of Attorney if drawn and signed outside Eswatini, nominating a representative to conduct all business on its behalf during the Tender preparation, Tendering process and contract execution in case of award of the contract.
- b) The documentation in Section 3.2 for each member or partner and a copy of the Joint Venture / Consortium / Association Agreement which is legally binding on all partners or members stating that:
 - (i) The partners or members shall jointly submit a Tender;
 - (ii) One of the parties will be nominated as lead member or partner to act for and on behalf of all members or partners;
 - (iii) The authorized representative of the lead member or partner who was granted power of attorney shall sign the Tender;
 - (iv) In the event that the Tender is successful, the contract shall be executed in the name of the Joint Venture (JV), Consortium or Association and each member or partner shall sign the contract agreement; and
 - (v) All partners shall be jointly and severally liable for the implementation of the contract in accordance with the contract terms.

¹ Refers to suspension by the Eswatini Public Procurement Regulatory Agency

Part 1: Section 3 Evaluation Methodology and Criteria

4. Administrative Compliance Criteria

The evaluation of Administrative Compliance criteria shall be conducted in accordance with ITT Clause 34.3.

C. Technical Evaluation Criteria

5. Assessment of Responsiveness

5.1 The assessment of responsiveness will consider the following criteria:

- (a) Acceptance of the conditions of the proposed contract;
- (b) Acceptable completion schedule;
- (c) Acceptability of the proposed program (work method and schedule), including relevant drawings and charts.

6. Mobilization

Evaluation of the responsiveness of the Tender to the technical requirements will include an assessment of the Contractor's capacity to mobilize key equipment and personnel for the contract consistent with its proposal regarding work methods, scheduling, and material sourcing in sufficient detail and fully in accordance with the requirements stipulated in Section 6 (Statement of Requirements).

6.1 Personnel and Equipment

A. Personnel

The Contractor must demonstrate that it will have the personnel for the key positions that meet the following requirements:

[The PE shall list ALL key personnel required for the execution of the project]

No.	Position	General Work Experience (years)	Experience in Similar Works (years)
1.	Contracts Manager	10	5
2.	Site Agent/Engineer	8	5
3.	General Foreman Earthworks & Concrete	10	5
4.	EHSO Officer	5	5

Part 1: Section 3 Evaluation Methodology and Criteria

No.	Position	General Work Experience (years)	Experience in Similar Works (years)
5.			
6.			
7.			
8.			
9.			

The Contractor shall provide details of the proposed personnel and their experience records in the relevant Forms included in Section IV, Tendering Forms.

B. Equipment

The Contractor must demonstrate that it shall have access to the key equipment listed hereafter (either by ownership, lease, hire): Attach documentary evidence of ownership, lease, hire such as registration books, agreements or memoranda or purchase order).

No.	Equipment Type and Description/ Capacity	Minimum Number required
1.	140G Grader minimum	1
2.	12T roller padfoot & smooth	1
3.	4x4 Tractor Loader Backhoe	1
4.	10000 litres water tanker	1
5.	Surfacing Equipment, paver, Pneumatic roller, steel drum roller, primer truck	1

The Contractor shall provide further details of proposed items of equipment using the relevant Form in Section 4.

6.2.9 Specific Experience	For the above or other contracts executed during the period stipulated in 6.2.8(a) above, a minimum experience in the following key activities: works of similar nature civil works	Must meet requirements	Must meet requirements	N / A	Must meet requirements	Form 10 and copies of the contracts providing the scope of the works

Part 1: Section 4 Tendering Forms

Contractor's shall also provide information and documentation of:-

- (a) Authority to seek references from the Contractor's bankers; and
- (b) Foreign firms shall be required to submit proposals for subcontracting components of the works to local (Swati) firms amounting to at least 30% of the Contract Price.

D. Financial Comparison Criteria

7. Costs to be included in the Tender Price

7.1 The financial comparison shall be conducted in accordance with ITT Clause 37.

The following costs shall be included in the Tender price:

- (a) the total price given in the Activity Schedule/Bills of Quantities;
- (b) day works, if any.

7.2 The following costs shall be excluded from the Tender price:

- (a) provisional sums;
- (b) the provision for contingencies in the Activity Schedule/ Bills of Quantities.

8. Margin of Preference

8.1 If the TDS specifies a margin of preference is applicable, for the purpose of Tender comparison, the following procedures will apply:

8.2 The PE will first review the Tenders that have reached financial comparison to confirm the appropriateness of the classification, and to identify the Tender group classification of each based upon Contractors' declarations in the Tender Submission Sheet and supporting evidence on ownership/shareholding of the Contractors in accordance with ITT 38.2.

8.3 All evaluated Tenders in each group will then be compared to determine the lowest evaluated Tender of each group. The Tender prices for Contractors in Group A and Group B will be increased by the respective percentages of preference as specified in the Tender Data Sheet. *[For Example: (Tender Price of Contractor Z)- (Tender Price of Contractor Z x percentage specified in the Tender Data Sheet ITT 35.2)].* After application of the preferences, all the Tenders shall be compared, with the lowest-evaluated Tender determined from this comparison selected for the award.

Part 1: Section 4 Tendering Forms

9. Determination of Best Evaluated Tender or Tenders

- 9.1 Post qualification evaluation will be carried out on the lowest evaluated Contractor as specified below: -
- Legal Requirements – Due diligence shall be done to verify ownership of the company and its registration with appropriate body in the country of principal business.
- (i) Technical Requirements–Due diligence shall be done to:
- (a) Verify and validate the Contractor’s performance on previous indicated private and public contracts in the Contractor’s submission.
 - (b) Verify and validate current commitments and litigation record of the Contractor.
- (ii) Financial Requirements - Due diligence shall be done to verify and ascertain the Contractor’s financial contracting capacity and bank commitment to provide a credit line to the Contractor.
- 9.2 A Contractor not meeting any of the above criteria shall be rejected.
- 9.3 The Tender with the lowest evaluated price, from among those which are eligible, compliant and substantially responsive and have passed the post-qualification shall be the best evaluated Tender. If this Tendering Document includes more than one lot, the best evaluated Tender shall be determined separately for each lot.
- 9.4 Notwithstanding paragraph 9.1, if the Tendering Document allows Contractors to quote different prices for single lots and for the award to a single Contractor of multiple lots, the Procuring Entity shall conduct a further financial comparison to apply any conditional discounts. The Tender or Tenders offering the lowest priced combination of all the lots shall be the best evaluated Tender or Tenders.

Additional Evaluation Criteria (If applicable)

In addition to the evaluation criteria listed in Section 3, the following criteria may apply for the Procuring Entities:

10 Multiple Contracts

If permitted under additional criteria, will be evaluated as follows:

10.1 Award Criteria for Multiple Contracts:

Lots

Contractors have the option to Tender for any one or more lots. Tenders will be evaluated lot-wise, taking into account discounts offered, if any, after considering all possible combinations of lots, the contract(s) will be awarded to the Contractor or Contractors offering the lowest evaluated cost to the Procuring Entity for combined lots, subject to the selected Contractor(s) meeting the required qualification criteria for lot or combination of lots as the case may be.

Dated on _____ day of _____, _____ *[insert date of signing]*

Part 1: Section 4 Tendering Forms

Code of Ethical Conduct in Business for Contractors

1. Ethical Principles

Contractors and providers shall at all times-

- (a) Maintain integrity and independence in their professional judgement and conduct;
- (b) Comply with both the letter and the spirit of-
 - (i) The laws of Eswatini; and
 - (ii) Any executed contract.
- (c) Avoid associations with businesses and organisations which are in conflict with this code.

2. Standards

Contractors and providers shall-

- (a) Strive to provide works, services and goods of high quality and accept full responsibility for all works, services or goods provided;
- (b) Comply with the professional standards of their industry or of any professional body of which they are members.

3. Conflict of Interest

Contractors and providers shall not accept contracts which would constitute a conflict of interest with any prior or current contract with any Procuring Entity. Contractors and providers shall disclose to all concerned parties those conflicts of interest that cannot reasonably be avoided or escaped.

4. Confidentiality and Accuracy of Information

- (a) Information given by Contractors and service providers in the course of procurement processes, or the performance of contracts shall be true, fair and not designed to mislead.
- (b) Service providers shall respect the confidentiality of information received in the course of performance of a contract and shall not use such information for personal gain.

5. Gifts and Hospitality

Contractors and providers shall not offer gifts or hospitality directly or indirectly, to staff of a Procuring Entity that might be viewed by others as having an influence on a procurement decision of the Entity.

6. Inducements

- (a) Contractors and service providers shall not offer or give anything of value to influence the action of a public official in the procurement process or in contract execution.

Part 1: Section 4 Tendering Forms

- (b) Contractors and service providers shall not ask a public official to do anything which is inconsistent with the Act, Regulations, Guidelines or the Code of Ethical Conduct in Business.

7. Fraudulent Practices

Contractors and service providers shall not-

- (a) Collude with other businesses and organisations with the intention of depriving a Procuring Entity of the benefits of free and competitive competition;
- (b) Enter into business arrangements that might prevent the effective operation of fair competition;
- (c) Engage in deceptive financial practices, such as bribery, double billing or other improper financial practices;
- (d) Misrepresent facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring Entity; or utter false documents;
- (e) Unlawfully obtain information relating to a procurement process in order to influence the process or execution of a contract to the detriment of the PE;
- (f) Withholding information from the PE during contract execution to the detriment of the PE.

I agree to comply with the above code of ethical conduct in business.

AUTHORISED SIGNATORY

NAME OF CONTRACTOR³

³ If the bidder is a JV, Consortium or Association, state the name of the JV, Consortium or Association

Part 1: Section 4 Tendering Forms

[This Tender Security should be on the letterhead of the issuing Financial Institution and should be signed by a person with the proper authority to sign the Tender Security. It should be included by the Contractor in its Tender, if so indicated in the TDS]

Provide a detailed description/illustration of the proposed mobilization schedule for materials, equipment, labour etc. including sources.

Part 1: Section 4 Tendering Forms

Construction Schedule

Provide a detailed description/illustration of the proposed construction schedule.

Part 1: Section 4 Tendering Forms

Environmental and Social Management Plan

- a) *The Contractor shall submit comprehensive and concise Environment Social Health and Safety Management Plan as required by ITT 15.1 (i) of the Tender Data Sheet. This plan shall describe in detail the actions and management processes etc. that will be implemented by the Contractor, and its subcontractors.*
- b) *In developing these strategies and plans, the Contractor shall have regard to the ESHS provisions of the contract including those as may be more fully described in the Statement of Requirements in Section 6.*

Part 1: Section 4 Tendering Forms

Code of Conduct for Contractor’s Personnel Form

Note to the Contractor:

The minimum content of the Code of Conduct Form as set out by the Employer shall not be substantially modified. However, the Contractor may add requirements as appropriate, including to take into account Contract-specific issues/risks.

The Contractor shall initial and submit the Code of Conduct Form as part of its bid.

CODE OF CONDUCT FOR CONTRACTOR’S PERSONNEL

We....., [enter name of Contractor], undertake that once we are awarded the contract for[enter description of the works] to be carried out at [enter the site and other locations where the works will be carried out] shall implement measures to address environmental and social risks related to the works, including the risks of sexual exploitation and assault and gender-based violence.

This Code of Conduct is part of our measures to deal with environmental and social risks related to the works. It applies to all our staff, labourers and other employees at the Works Site or other places where the works would be carried out. It also applies to the personnel of each subcontractor and any other personnel assisting us in the execution of the Works. All such persons are referred to as “Contractor’s Personnel” and are subject to this Code of Conduct.

This Code of Conduct identifies the behaviour that we require from all Contractor’s Personnel.

Our workplace is an environment where unsafe, offensive, abusive or violent behaviour will not be tolerated and where all persons should feel comfortable raising issues or concerns without fear of retaliation.

REQUIRED CONDUCT

Contractor’s Personnel shall:

1. Carry out his/her duties competently and diligently;
2. Comply with this Code of Conduct and all applicable laws, regulations and other requirements, including requirements to protect the health, safety and well-being of other Contractor’s Personnel and any other person;
3. Maintain a safe working environment including by:
 - a. Ensuring that workplaces, machinery, equipment and processes under each person’s control are safe and without risk to health;
 - b. Wearing required personal protective equipment;

Part 1: Section 4 Tendering Forms

- c. Using appropriate measures relating to chemical, physical and biological substances and agents; and
- d. Following applicable emergency operating procedures.
- 4. Report work situations that he/she believes are not safe or healthy and remove himself/herself from a work situation which he/she reasonably believes presents an imminent and serious danger to his/her life or health;
- 5. Treat other people with respect, and not discriminate against specific groups such as women, people with disabilities, migrant workers or children;
- 6. Not engage in any form of sexual harassment including unwelcome sexual advances, requests for sexual favours, and other unwanted verbal or physical conduct of a sexual nature with other Contractor’s or Employer’s Personnel;
- 7. Not engage in Sexual Exploitation, which means any actual or attempted abuse of position of vulnerability, differential power or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another.
- 8. Not engage in Sexual Assault, which means sexual activity with another person who does not consent. It is a violation of bodily integrity and sexual autonomy and is broader than narrower conceptions of “rape”, especially because (a) it may be committed by other means than force or violence, and (b) it does not necessarily entail penetration.
- 9. Not engage in any form of sexual activity with individuals under the age of 18, except in case of pre-existing marriage;
- 10. Complete relevant training courses that will be provided related to the environmental and social aspects of the contract, including on health and safety matters, and Sexual Exploitation and Assault (SEA);
- 11. Report violations of this Code of Conduct; and
- 12. Not retaliate against any person who reports violations of this Code of Conduct, whether to us or the Employer, or who makes use of the [Project Grievance [Redress] Mechanism].

RAISING CONCERNS

If any person observes behaviour that he/she believes may represent a violation of this Code of Conduct, or that otherwise concerns him/her, he/she should raise the issue promptly. This can be done in either of the following ways:

- 1. Contact [*enter name of the Contractor’s Social Expert with relevant experience in handling gender-based violence, or if such person is not required under the Contract, another individual designated by the Contractor to handle these matters*] in writing at this address[] or by telephone at [.....] or in person at [.....]; or
- 2. Call [.....] to reach the Contractor’s hotline (*if any*) and leave a message.

Part 1: Section 4 Tendering Forms

The person’s identity will be kept confidential, unless reporting of allegations is mandated by the law. Anonymous complaints or allegations may also be submitted and will be given all due and appropriate consideration. We take seriously all reports of possible misconduct and will investigate and take appropriate action. We will provide warm referrals to service providers that may help support the person who experienced the alleged incident, as appropriate.

There will be no retaliation against any person who raises a concern in good faith about any behaviour prohibited by this Code of Conduct. Such retaliation would be a violation of this Code of Conduct.

CONSEQUENCES OF VIOLATING THE CODE OF CONDUCT

Any violation of this Code of Conduct by Contractor’s Personnel may result in serious consequences, up to and including termination and possible referral to legal authorities.

FOR CONTRACTOR’S PERSONNEL:

I have received a copy of this Code of Conduct written in a language that I comprehend. I understand that if I have any questions about this Code of Conduct, I can contact [enter name of Contractor’s contact person with relevant experience in handling gender-based violence] requesting an explanation.

Forms for Key Personnel

Form – 1: Proposed Personnel

Contractors should provide the names of suitably qualified personnel to meet the specified requirements for each of the positions listed in Section 3: Evaluation Methodology and Criteria. The data on their experience should be supplied using the Form below for each candidate.

1.	Title of position
	Name
	Duration of commitment for this position
2.	Title of position
	Name
	Duration of commitment for this position
3.	Title of position
	Name
	Duration of commitment for this position
4.	Title of position:
	Name
	Duration of commitment for this position
5.	Title of position: Environmental Officer
	Name
	Duration of commitment for this position
6.	Title of position: Social Development Officer
	Name
	Duration of commitment for this position
etc.	Title of position
	Name
	Duration of commitment for this position

Part 1: Section 4 Tendering Forms

Form – 2: CV of Proposed Personnel

The Contractor shall provide all the information requested below.

Position	
Personnel Information	Name Date of birth
	Professional qualifications
	Academic qualifications
Present Employment	Name of Employer
	Address of Employer
	Telephone Contact (manager / personnel officer)
	Fax E-mail
	Job title Years with present Employer

Summarize professional experience in reverse chronological order. Indicate particular technical and managerial experience relevant to the project.

From	To	Project	Role	Duration in Involvement	Relevance Experience
<i>[Date, Month and Year]</i>	<i>[Date, Month and Year]</i>	<i>[main project details]</i>	<i>[role and responsibilities on the project]</i>	<i>[time in role i.e. Months and Years]</i>	<i>[describe the experience relevant to this position]</i>

Part 1: Section 4 Tendering Forms

Declaration

I, the undersigned [*insert name of "Key Personnel"*], certify that to the best of my knowledge and belief, the information in reference to my data contained in the Forms for Key Personnel correctly describes myself, my qualifications and my experience.

I confirm that I am available as certified in the following table and throughout the expected time schedule for this position as provided in the Tender:

Commitment	Details
Commitment to duration of contract:	<i>[insert period (start and end dates) for which this Contractor's Key Personnel is available to work on this contract]</i>

I understand that any misrepresentation or omission in this Form may:

1. Be taken into consideration during Tender evaluation;
2. Result in my disqualification from participating in the procurement process.

Name of Key Personnel: [*insert name*]

Signature: _____

Date: (day, month, year): _____

Part 1: Section 4 Tendering Forms

Forms for Equipment

The Contractor shall provide adequate information to demonstrate clearly that it has the capability to meet the requirements for the key equipment listed in Section 3: Evaluation Methodology and Criteria. A separate Form shall be prepared for each item of equipment listed, or for alternative equipment proposed by the Contractor. The Contractor shall provide all the information requested below, to the extent possible:

FORM 3

Type of Equipment	
Equipment Information	Name of manufacturer
	Model and power rating
	Capacity
	Year of manufacture
Current Status	Current location
	Details of current commitments
Source	<p>Indicate source of the equipment</p> <p><input type="checkbox"/> Owned</p> <p><input type="checkbox"/> Rented</p> <p><input type="checkbox"/> Leased</p> <p><input type="checkbox"/> Specially manufactured</p> <p>[Attach evidence of ownership, lease or hire in the form of registration books, agreements or memoranda or purchaser order]</p> <p>[For Specially Manufactured Equipment, attach evidence in form of Proforma Invoices, Quotation or Sales Agreement between the Contractor and the prospective equipment manufacturer]</p>

The following information shall be provided only for equipment not owned by the Contractor.

FORM 3A

Owner	Name of owner	
	Address of owner	
	Telephone	Contact name and title
	Fax	Telex

Part 1: Section 4 Tendering Forms

Agreements	Details of rental / lease / manufacture agreements specific to the project. (Attach evidence of lease or hire in the form of registration books, agreements or memoranda or purchaser order)

Qualification Forms

To establish its qualifications to perform the contract in accordance with Section 3: Evaluation Methodology and Criteria. The Contractor shall provide the information requested in the corresponding Information Sheets included hereunder:

Part 1: Section 5 Eligible Countries

Section 5: Eligible Countries

Procurement Reference Number:

All countries are eligible except countries subject to the following provisions.

A country shall not be eligible if:

- (a) As a matter of law or official regulation, the Government of Eswatini prohibits commercial relations with that country, provided that the Government of Eswatini is satisfied that such exclusion does not preclude effective competition for the provision of goods or related services required; or
- (b) By an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Government of Eswatini prohibits any import of Goods from that country or any payments to persons or entities in that country.

Part 2: Section 6 Statement of Requirements

Scope of Works

The SOW (work to be performed) should contain any milestones, reports, deliverables, and end products that are expected to be provided by the Contractor

Project Overview

The upgrading of Buhleni Street in Ezulwini. Upgrading of a 300m gravel road within Natex Township to a asphalt surface road to improve accessibility, safety and durability with longterm sustainability.

General Scope

- Upgrading of the existing gravel road to asphalt surfaced road
- Construction of walkway and kerbing
- Construction of drainage installation of pipe culverts
- Installation of signage and road marking

Deliverables

- A fully functional paved asphalt road with all necessary infrastructure
- As built drawings
- Test results for material and compaction

Timeframe

The project has to executed within a period of 4 months.

**Part 2: Section 6 Statement of Requirements****Technical Specifications**

[In drafting of the Specification, care must be taken when drafting the PE's Requirements to ensure that the requirements are not restrictive. Recognized international standards should be used as much as possible for the description of goods, materials and workmanship. Where other particular standards are specified, it should be stated that goods, materials and workmanship meeting other authoritative standards and which promise to ensure equal or higher quality than the standards specified, will also be acceptable. Where a brand name of a product is specified, it should always be qualified with the terms "or equivalent".]

Standard Specifications

The specifications for this contract shall be the applicable sections of SANS 1200 'Standardised Specification for Civil Engineering Construction', available from South African National Standards organisation, Tshwane, RSA.

The Project Specification is in three portions:

Portion 1: The Works

Portion 2: Variations and Additions

Portion 3: Particular Specifications

The Standard Specifications are not included in this Tender Document and it is assumed that the Tenderer is well aware of the applicable Standard Specifications. Copies of the Standard Specification are available from the South African Bureau of Standards.

When a pay item is included and described in the Schedule of Quantities, but not in the Project or Standardized Specification, the items shall be paid as interpreted by the Engineer.

Status

The Standard Specifications as listed in Portion 1 will in every case be applicable for this Contract except where it is contradictory to any of the descriptions of Portion 2 or Portion 3 or any of the drawings issued by the Engineer in which case the latter will be valid.

The order of precedence of the documents and drawings describing Specifications and Workmanship and forming part of the Contract shall be:

1. Drawings

Page 93 of 148	Originated by:	Procurement Officer
Revision 00	Approved by:	CEO
	Effective Date:	01/08/2024

Part 2: Section 6 Statement of Requirements

2. Special Specifications (if any)

3. Specification

Equivalency of Standards and Codes

Wherever reference is made in the Contract to specific standards and codes to be met by the goods and materials to be furnished, and work performed or tested, the provisions of the latest current edition or revision of the relevant standards and codes in effect shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national, or relate to a particular country or region, other authoritative standards which ensure an equal or higher quality than the standards and codes specified will be accepted subject to the Engineer's prior review and written approval. Differences between the standards specified and the proposed alternative standards must be fully described in writing by the Contractor and submitted to the Engineer at least 28 days prior to the date when the Contractor desires the Engineer's approval.

In the event the Engineer determines that such proposed deviations do not ensure equal or higher quality, the Contractor shall comply with the standards specified in the documents.

Portion 1: The Works

The purpose of this project is to upgrade Buhleni Street Natex Township in Ezulwini which is 295 m long with additional works of drainage improvements

Location

The site is situated within the Ezulwini Urban Area. The project road is off the Buhleni Road behind Spintex Township. The existing road is a gravel road giving access to residential properties.

Climatic Conditions

Climatic conditions on the site are typical of those prevailing in the Eswatini middle veld region. Average annual rainfall is approximately 900 mm, of which 80% falls between October and March. Summer months are hot and humid with frequent rain, while winter months are warm and dry.

Page 94 of 148	Originated by:	Procurement Officer
Revision 00	Approved by:	CEO
	Effective Date:	01/08/2024

Part 2: Section 6 Statement of Requirements

Working in Sections

In order to minimize disruption to residents the Contractor will be required to divide the works into sections, defining time-related construction activities for each section for approval by the Engineer. Once approval has been given, the Contractor will be expected to adhere to the agreed phasing.

Access for Residents

Access for residents must be maintained throughout the construction period, which will necessitate working in restricted lengths, or half widths. The Contractor will be responsible for ensuring that residents are able to gain access to their properties at all times, and shall make provision for suitable plant and labour to be on standby for this purpose in emergency situations.

Where the works encroach on residents' established plots, the Contractor shall take every precaution to minimise nuisance, and to reinstate the site after completion of works on that plot, to its previous state and to the occupier's reasonable satisfaction.

Before commencing work on any plot, the Contractor shall give notice to the occupier at least one week in advance of his planned entry on to the site.

Nature of Ground and Subsoil Conditions

The subsoil ranges from sandy silts (residual granite) to partially weathered granite. Dynamic Cone Penetrometer tests indicated that the harder rock was not encountered for a depth of at least 800 mm in most locations.

Groundwater is not expected to be encountered within the construction depth.

Soil test results giving indicative California Bearing Ratio (CBR) values, grading and indicator data on the gravel surface, and subsoil, will be available for issue at the site inspection.

The provision of this data does not relieve the Contractor of his responsibility in terms of the General Conditions of Contract to satisfy himself concerning all matters relating to site and soil conditions.

Details of Contract

The work included in this contract comprise the following:

Part 2: Section 6 Statement of Requirements

- a) Removal of existing layer and concrete drains
- b) Cut to stockpile the existing gravel material
- c) Rip and re-compact insitu material
- d) Construction of Subgrade and pavement layers including Subbase and base layer
- e) The construction of 30mm asphalt wearing course
- f) The construction of paved driveways at existing property entrances and supply and re aligning of street lighting
- g) Construction of drainages and manholes
- h) And the construction of other work relevant to the proper completion of the project.

Construction Programme

The construction period will be as indicated in the Contract Data and shall include all statutory holidays relating to the Civil Engineering Industry as listed in the Government Gazette.

The start date of the Contract will be stated in the Letter of Acceptance of the tender.

Site Facilities Available

Source of Water Supply

The contractor to make his own arrangement to get raw water for road works and concrete works.

Treated water for drinking and domestic purposes can be obtained by direct arrangement with Eswatini Water services Corporation (EWSC)

Source of Power Supply

Part 2: Section 6 Statement of Requirements

A temporary 3 phase power supply can be obtained at the site camp by applying to Eswatini Electricity Company for a temporary metered connection.

Location of Site Camp Depot

The Contractor's temporary facilities are to be located within designated sites adhering to layouts approved by the Engineer.

An area to be identified by the appropriate local authority shall be made available to the Contractor for use as a site camp.

Should the Contractor require alternative sites, application will need to be made to the Engineer, and approval sought from the Employer.

Site Facilities Required

The Contractor's site office shall be of substantial construction and appearance, (but may be of prefabricated construction), with a minimum floor area of 20 m², divided into two sections of 10 m² each. The one section shall serve as the Contractor's site agent's office, whilst the other office will be reserved solely for the Engineers Representatives and official site meetings. This office shall be waterproof but well ventilated with a ceiling, insulated roof and walls, and a smooth screeded floor.

The office shall be furnished with a good quality table (or tables), minimum size 1.5 m x 0.9 m, and Eight (8) chairs. The office shall be equipped with uninterrupted power supply, shelves, crockery, cutlery, glasses and hardware suitable for the provision of tea, coffee, and cold drinks during site meetings. Mandatory safety signs for safe working procedures shall be placed on site, e.g (Assemble point)

Sanitary Facilities

Sanitary facilities shall be constructed by the Contractor at each work site. These shall consist of Ventilated Improved Pit' (VIP) latrines provided at the rate of one per 30 workers or part thereof and a funnel shaped urinal for every 60 workers or part thereof.

Parking Facilities

Provision shall be made for Four (4) visitor's vehicles to park off the road at the site camp, on a suitably compacted and surfaced hard standing.

Part 2: Section 6 Statement of Requirements

Cleanliness of the Site

During the period of construction, the Contractor shall maintain the area of his operations in a clean, tidy and safe condition. All disused materials including waste oil, packages and other debris in connection with the Works shall be removed from the Site by the Contractor at his expense and at the earliest opportunity and disposed of at locations approved of by the Engineer.

Features Requiring Special Attention

Should it occur that any part of the Documents is not clear to the Contractor, or that the materials or articles to be used in the execution of the works is insufficiently described, the Contractor shall request the Engineer in writing, to clarify the specific requirements, also in writing. Should the Contractor fail to make such a request, the Contractor shall be liable for any alterations or substitutions rendered necessary through his incorrect interpretations of such documents, at his own expense.

Details Required by Contractor

At the commencement of the Works, the Contractor shall advise the Engineer in writing of any details he requires for the accurate interpretation of the drawings. If, during the course of the contract, the Contractor requires further details, the Contractor shall apply for these in writing, two weeks prior to the commencement of the relevant portion of the work. Failing to do so, the Contractor will not be granted extension of time through lack of details.

Existing Services

All existing services on the Site may not be shown on the drawings or be visible on the Site. Although some services have been shown on the drawings, the Contractor shall be required to liaise with all the service authorities, i.e. ECC, EPTC and EWSC to establish the location of existing services before construction commences.

The Contractor shall take particular care to avoid damage to these services, and shall carefully expose existing pipes at intervals so as to determine their exact depth and location before commencing excavation in the immediate vicinity.

The cost of all such work if so ordered shall be deemed to be included under preliminary and general payment item.

Part 2: Section 6 Statement of Requirements

Where a service is damaged because of the Contractor's negligence, he shall be liable for the costs involved in the repair of the service and any other costs and expenses consequent upon the interruption of the damaged service.

Survey Beacons

All known survey beacons will be shown to the Contractor on site at the handover meeting, and noted. Those beacons which relate solely to the construction work shall be established and referenced by the Contractor before commencing earthworks.

If any reference beacons are lost as a result of construction work, they shall be replaced by a competent engineering surveyor. If any corner boundary beacons are destroyed as a result of the Contractor's operations, they shall be replaced by a registered land surveyor at the Contractor's expense.

Length and Safety of Trenches

Unless otherwise permitted in writing by the Engineer, not more than 500 m of trench in any one place shall be opened in advance of the pipe laying and backfilling operations.

Alignment of Services

The Contractor shall allow one week for the Engineer to correlate the alignment of the particular service, after he has received all the relevant data as stipulated in PSA5.3, before commencing with his road construction. This shall be taken into account in his construction programme.

Restriction on Working Hours

None of the works shall, save as hereinafter provided, be carried on during the night or on locally recognised days of rest without the approval of the Engineer, except when work is unavoidable or absolutely necessary for the saving of life or property or for the safety of the works, in which case the Contractor shall immediately advise the Engineer.

Contractor's Programmed to Limit Disruption to Schools

The Contractor shall schedule construction activities near schools to occur during recess or break periods.

Factories, Machinery, and Construction Works Act, 1972

Part 2: Section 6 Statement of Requirements

The Contractor will be required to comply with provision of this Act insofar as the apply to construction work.

Temporary Erosion Protection

Temporary drainage controls are to be provided to prevent soil erosion before permanent controls are installed.

Source of Material for Road

The proposed source of gravel for use in the sub base course is the pit at Bethany or Matsapha borrow pit.

The Contractor shall be responsible for obtaining the necessary permission and permits, and for payment of all royalties due on gravel extracted from this source.

Alternative sources of gravel will be considered, provided the Contractor can prove by way of comprehensive tests that the material fulfils the requirements of the specification for sub base and/or base material and the proposed pit meets the Eswatini Environmental Authority requirements.

Portion 2

Quality of Materials

All materials delivered to site shall, where applicable, conform to the relevant SANS or BS standard, and shall bear the appropriate standardization mark. The Engineer reserves the right to call for compliance certificates, or in the absence of such certificates, for samples of the materials to be sent to an approved laboratory for testing.

Should any sample tested in this manner fail to meet the required specification, the material from which the sample was taken may be rejected and replaced at the Contractor's expense.

All furnishing of certificates and testing as specified shall be at the Contractor's cost.

Contractors Office, Stores and Services

Part 2: Section 6 Statement of Requirements

Neither housing nor shelters are available for the Contractor's employees, and the Contractor shall make his own arrangement to house his employees and transport them to the site.

Setting Out of the Works

For the setting out of the works beacons shall be established as specified in PS 8.4. All other setting out of the works is the Contractor's responsibility. A lump sum is provided for this purpose. All information for setting out of the works will be supplied by the Engineer.

The Contractor is responsible to find all reference pegs necessary for setting out the works and referencing them. All pegs not found or which have been disturbed must be noted and verified with the Engineer before commencement of the works.

Preservation and replacement of beacons and pegs subject to Land Survey Act

Cadastral stand pegs and any other survey or reference pegs indicated on site, and on plan, and/or recorded in writing during any stage of construction of the works remain the responsibility of the Contractor until completion of the works.

These pegs have to be verified before commencement of the works and all disturbed pegs noted in writing and submitted to the Engineer.

Should any pegs be disturbed during the contract by the Contractor, the pegs must be replaced by a registered land surveyor at the Contractor's cost.

On completion of the Contract a letter from a registered Land Surveyor, certifying that all cadastral stand pegs have been checked and found correct, must be submitted to the Engineer. A pay item has been included for this verification of stand pegs.

Protection of Overhead and Underground Services

The Contractor shall make the final arrangements (initial arrangements having been made by the Engineer) with the statutory authority (EEC, EWSC and EPTC) concerned for the timely relocation of all overhead and underground public services. No claim for extension of time will be considered due to any delay to earthworks operations as a result of obstructions caused by existing services.

Part 2: Section 6 Statement of Requirements

Any existing manholes which fall within the road formation area shall be reset to the design road levels and be provided with a heavy duty manhole cover.

Protection of Structures

Where work is carried out in proximity of buildings, tanks or other structures the Contractor shall take the necessary precautions required, including shoring, to ensure the safety of structures that are at risk.

Approved Laboratories

The Contractor shall employ an approved commercial laboratory to conduct the required tests.

Provisional Sum for Soils and Materials Testing

A provisional sum is allowed for testing of soils and materials by the Engineer, and the cost of transporting samples to the testing laboratory. It should be noted that this is completely unconnected with the general testing of materials in accordance with clause 7 of the standardised specifications, for which the Contractor is solely responsible, and the cost of which is included in the scheduled rates.

Existing Services

In the related sections of the Bill of Quantities, rates are to be listed for the detection and exposing of existing services. These rates shall cover all costs including time and machinery (if necessary) involved in the detection of existing services and different depth classifications.

Setting Out of the Works

The setting out of the roads shall include a centreline survey with appropriate cross sections. The information shall be made available to the Engineer for checking and for measurement purposes.

Disposal of Material

All unsuitable excavated material which cannot be spread on the site must be spoiled. Refer PSDM2.4.

Part 2: Section 6 Statement of Requirements

Vegetation removed under site clearance, as an alternative to carting and dumping, may be burned under controlled conditions along some sections of the road, provided that there are no residences in the immediate vicinity, and where the smoke will not be likely to present a hazard to traffic or pedestrians.

The Contractor shall be solely responsible for observing the municipal bylaws and regulations concerning burning and shall indemnify the Employer and Engineer against all claims for damages arising from such actions.

Areas to be cleared and Grubbed

The following areas are to be cleared and grubbed:

(a) The Contractor's construction camp site;

(b) Road reserves;

(c) Routes for water and sewer pipelines not cleared as part of road works shall be cleared of vegetation for a distance of 1.5 metres on both sides of the pipe centreline.

Where working width is restricted by proximity to existing structures or other physical obstacles, the Engineer will designate locations for stockpiling of excavated material.

Individual Trees and Other Plants (sub-clause 5.2.3.2)

Where trees and plants are designated for preservation, the following penalties will be levied for damage caused to them by the Contractor:

E 300 per tree

E2500 per tree fern (Cyatheaceae) or protected species

E5000 per cycad (Zamiaceae)

Part 2: Section 6 Statement of Requirements

Conservation of Topsoil (sub-clause 5.6)

Where indicated by the Engineer topsoil shall be removed to a depth of 150 mm and stockpiled in a position involving a haul not exceeding 1 km (free haul) to be designated by the Engineer.

Landscape Preservation and Conservation of Flora (sub-clause 5.7)

A penalty of E5000 per hectare or part thereof shall be levied for areas of general habitat and flora within designated areas that are damaged by the Contractor.

Demolition of Structures (sub-clause 5.8)

This shall cover the demolition of existing houses and structures as indicated by the Engineer.

Removal and Reinstatement of Fences

Where an existing fence has to be removed temporarily during construction, a temporary fence is to be erected to close the gap. This shall not exceed 15 m in length per occurrence.

The fence shall thereafter be reinstated to a condition comparable with the original.

Dust Nuisance

The Contractor shall control dust generated by construction to a level that does not exceed 300 $\mu\text{g}/\text{m}^3$ at any affected location.

The Contractor shall be responsible for the safe and easy passage of public traffic past or over sections of works which he is occupying.

Page 104 of 148	Originated by:	Procurement Officer
Revision 00	Approved by:	CEO
	Effective Date:	01/08/2024

Part 2: Section 6 Statement of Requirements

Bypasses/Half Width Working

The Contractor shall either construct or put in order temporary bypasses as may be required to deviate traffic from portions of roads, where half-width construction is approved, to arrange his work such that the traffic will at all times have free one-way access to at least half the width of the roadway.

Where half-width construction is used, the lengths shall be kept as short as possible, and the Contractor shall make provision for traffic travelling in opposite directions to pass at frequent intervals. Whenever possible, the Contractor shall ensure that the whole road width is open at night and, at the end of each day's work, is left in a good and safe trafficable condition, complete with protection facilities.

Maintenance of Deviations & Detours

The Contractor shall also provide and allow reasonable access to persons occupying properties that fall within, or adjoin, the section(s) under construction. If, for any reason, such access has to be closed for certain periods, the persons affected shall be given reasonable written notice of each period by recorded delivery. The notice period shall be one week or such lesser time as may be approved by the Engineer.

Failure on the part of the Contractor to construct or maintain deviations

Any failure or refusal of the Contractor to construct or to maintain bypasses, (or both) at the proper time or to take the necessary precautions for the safety and convenience of public traffic as required by the statutory authorities or as ordered, shall be sufficient cause for the stopping of all work under this Contract until all provisions prescribed have been complied with.

Warning Road Sign

Steel drums are to be used for barricading and shall be painted white and provided with approved retro-reflective material. Road signs complying with local traffic regulations shall be provided by the Contractor.

Part 2: Section 6 Statement of Requirements

Applicable speed restriction (40 km/h) and warning signs shall be placed at a distance of 200 m, 100 m and 50 m from both ends of any section of works currently under construction, and at the start and end of all half-width construction sections.

Detection, Location, and Exposure of Existing Services

All the existing services on Site may not be shown on the drawings or be visible on the Site. The Engineer may order excavation by hand to search for and expose services. The costs of such work, if so ordered by the Engineer, shall be paid under the items allowed for in this schedule.

Classification for Placing Purposes

(a) Approved material for fill under roads shall comply with the following:

Material Type G10 according to TRH 14

Maximum plasticity index $3 \times GM + 10$

Minimum soaked CBR of 3

(b) No single rock particle shall have a maximum dimension of more than 150 mm.

The minimum requirement for road bedding shall be the same as the minimum requirement for fill material.

Selected Layers

Approved material for selected layers shall comply with Material Type G7 according to TRH 14.

Safety, Existing Services, Storm water

During construction, the road prism shall be kept well drained and protected at all times. All windrows shall be cut away after construction to prevent the concentrated flow of water on completed fill layers, but where necessary, flat berms shall be constructed to prevent the undue erosion of fill slopes. All permanent drains shall be constructed as soon as possible, plus sufficient additional temporary drains as may be necessary to protect the road prism. Ruts and potholes developing in the

Part 2: Section 6 Statement of Requirements

fills after completion shall be repaired, and damaged portions of the fills shall be reshaped and recompacted at the Contractor's own expense.

Ready Mixed Concrete

Ready mix concrete will only be allowed if the mix has been evaluated to the Engineer's satisfaction. The Contractor shall be responsible for arranging all relevant tests and presenting results to the Engineer. The Contractor shall be responsible for all costs incurred in obtaining such results.

Testing of Cubes

The taking and testing of cubes by the Contractor is included in the rate for concrete. Cubes tested over and above those required in accordance with Clause 7 on instruction from the Engineer shall be measured and paid for per number and shall include all labour, transport, testing and all diverse costs in obtaining and presenting the 28 day test results. Refer to SANS 1200 GA sub-clause 8.1.3.3a.

Portion 3

Plant Material – General

Grassing shall be with Kikuyu grass for embankments.

Erosion control shall be with Vetiver grass hedging.

The grass shall be true to specification, in species, size and number. The grass shall be purchased by the Contractor. The plant material shall be brought to the nursery nominated by the Contractor and be inspected by the Engineer.

The Contractor shall plant on the material, dividing the clumps where necessary to propagate more plants and allow the plants to grow for the remainder of the growing season. The plants shall be regularly fed and watered according to normal horticultural practice, and kept under suitable conditions to achieve optimal growth. Plants should be kept free from pests and diseases.

The Engineer shall be allowed access to the nursery to inspect the material from time to time.

Part 2: Section 6 Statement of Requirements

Should the material die or fail to achieve sufficient growth during this period, the Engineer reserves the right to reject the material prior to importation to site and requires the Contractor to replace the material with plants of a height commensurate with the growth that should have been achieved during this period.

Workmanship General

The planting material shall be handled and planted according to good horticultural practice. The grass shall be planted along the contour to encourage water retention and reduce erosion. The Contractor shall ensure that the grass slips are thoroughly watered after planting.

Environmental, Social, Health and Safety Requirements

[The PE shall use the services of suitably qualified environmental, social, health and safety specialists to prepare the specifications for ESHS.

The PE shall attach or refer to the PE's environmental, social, health and safety policies that will apply to the project. If these are not available, the PE should use the guidance in the user guide in drafting an appropriate policy for the works].

Performance Security

[The Performance Security should be on the letterhead of the issuing Financial Institution and should be signed by a person with the proper authority to sign documents that are binding on the Financial Institution. The draft is for an unconditional Security. The amount of the guarantee must represent the percentage of the Contract Price specified in the Contract and should be denominated either in the currency(ies) of the Contract or in a freely convertible currency acceptable to the Procuring Entity].

Date: *[insert date (as day, month and year) of Performance Security]*

Procurement Reference No: *[insert Procurement Reference Number]*

To: *[insert complete name and address of Procuring Entity]*

WHEREAS *[insert name and address of Contractor]* (hereinafter called “the Contractor”) has undertaken, pursuant to the Contract referenced above, dated *[insert date (as day, month and year) of contract]* to execute *[insert brief description of Works]* (hereinafter called “the Contract”);

AND WHEREAS it has been stipulated by you in the aforementioned Contract that the Provider shall furnish you with a demand guarantee issued by a financial institution for the sum specified therein as security for compliance with the Provider’s performance obligations in accordance with the Contract;

AND WHEREAS the undersigned *[insert complete name of Guarantor]*, legally domiciled in *[insert complete address of Guarantor]*, (hereinafter the “Guarantor”}, have agreed to give the Contractor a security;

THEREFORE WE hereby affirm that we are Guarantors and responsible to you, on behalf of the Contractor, up to a total of *[insert currency and amount of Guarantee in words and figures]*, such sum being payable in the types and proportions of currencies in which the Contract Price is payable, and we undertake to pay you, upon your first written demand declaring the Contractor to be in default under the Contract, without cavil or argument, any sum or sums within the limits of *[insert currency and amount of Guarantee in words and figures]* as aforesaid without your needing to prove or to show grounds or reasons for your demand or the sum specified therein.

We hereby waive the necessity of your demanding the said debt from the Contractor before presenting us with the demand.

Part 3. Section 9. Contract Forms

Advance Payment Security

[The Advance Payment Security should be on the letterhead of the issuing Financial Institution and should be signed by a person with the proper authority to sign documents that are binding on the Financial Institution. The amount of the security is to be inserted by the Financial Institution and must represent the amount of the Advance Payment and be denominated either in the currency(ies) of the Advance Payment as specified in the Contract, or in a freely convertible currency acceptable to the PE].

Date: *[insert date (as day, month, and year) of Payment Security]*
Procurement Reference No.: *[insert Procurement Reference Number]*

To: *[insert complete name and address of Procuring Entity]*

In accordance with the payment provision included in the Contract referenced above, in relation to advance payments, *[insert complete name and address of Contractor]* (hereinafter called “the Contractor”) shall deposit with the PE a Bank Guarantee to guarantee its proper and faithful performance of the obligations imposed by said Clause of the Contract, in the amount of *[insert currency and amount of guarantee in words and figures]*.

We, the undersigned *[insert complete name of Guarantor]*, legally domiciled in *[insert full address of Guarantor]* (hereinafter “the Guarantor”), as instructed by the Contractor, agree unconditionally and irrevocably to guarantee as primary obligator and not as surety merely, the payment to the PE on its first demand without whatsoever right of objection on our part and without its first claim to the Contractor, in the amount not exceeding *[insert currency and amount of guarantee in words and figures]*.

We further agree that no change or addition to or other modification of the terms of the Contract or of the Works to be performed there under or of any of the Contract documents which may be made between the PE and the Contractor, shall in any way release us from any liability under this Guarantee, and we hereby waive notice of any such change, addition, or modification.

This Security shall remain valid and in full effect from the date of the advance payment under the Contract until the PE receives full repayment of the same amount from the Contractor.

Name: *[insert complete name of person signing the Payment Security]*

In the capacity of *[insert legal capacity of person signing the Payment Security]*
