16.7 A variant solution shall be checked and assessed by the Employer before being approved. The Employer has the right to consider or to reject the variant solution(s). Variant solutions depending on unsubstantiated hypotheses will be rejected.

17.3 Failure to submit a Programme of Works and a method statement shall result in disqualification of the tender by the Employer.

17.4 It will form the basis but be updated to form the Programme referred in the General Conditions of Contract.

## **18 Pre-Tender Visit**

## **28 Clarification of Tenders and Contacting the Employer**

28.1 To assist in the examination, evaluation and comparison of tenders, the Employer may, at its discretion, ask any tenderer for clarification of its tender, including breakdowns of unit rates. 29.1 Tenders determined to be substantially responsive will be checked by the Employer for any arithmetic errors. Errors will be corrected by the Employer as follows:

- 29.1.1 Where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern, unless in the opinion of the Employer there is an obvious gross misplacement of the decimal point in the unit rate, in which case the item total as quoted will govern and the unit rate will be corrected;
- 29.1.2 if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- 29.1.3 if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (1) and (2) above.

29.2 The amount stated in the Tender will be adjusted by the Employer in accordance with the above procedure for the correction of the errors and, with the concurrence of the Tenderer, shall be considered as binding upon the Tenderer. If the Tenderer does not accept the corrected amount of Tender, its Tender will be rejected.

30.3.1 Where appropriate, a post-qualification may be undertaken to authenticate whether the technically responsive Tenderers have the capability and resources to effectively carry out the

30.3.2 During post-qualification, the Evaluation Committee shall:

- i. Verify the information submitted by the Tenderer(s) who obtain a Technical Capacity Score above 70 points. The post-qualification criteria will focus on:

30.3.3 The following formula will be used to calculate the points for post-qualification in respect of Tenderers which obtained the minimum qualifying score on technical capacity. The maximum possible number of tender evaluation points for the post qualification evaluation is 100 points.

$$S_{post} = S_0 \times S_B / S_M$$

Where:

$S_0$  is the percentage score given to the post qualification evaluation and equals 100

$S_B$  is the score of post-qualification evaluation allocated to the submission under consideration,

$S_M$  is the maximum possible score for post-qualification in respect of a submission

- 30.3.4 The two scores (technical capacity and post-qualification) will be averaged and the Combined Technical Capacity of the tenders determined.
- 30.3.5 The minimum qualifying score for the Combined Technical Capacity is 70 points. Tenderers scoring below 70 points on the Combined Technical Capacity will be deemed not to have adequate technical capacity to complete the work and their bids will be set aside.
- 30.3.6** Where a post-qualification was not undertaken, the technical capacity score calculated in Clause 30.2 shall be used in the next evaluation stage.

#### 30.4 **Stage 4: Evaluation of Tender Price:**

The fourth stage checks the tender price offer as presented in the offer form of the tender document after checking for any arithmetic errors. In evaluating the Tenders, the Employer will determine from each Tender the evaluated Tender Price by adjusting the Tender Price as follows:

  - f) applying any discounts offered by the Tenderer for the award of more than one contract, if tendering for this Contract is being done concurrently with other Contracts.
- 30.4.1 The Employer reserves the right to accept or reject any variation, deviation, or alternative offer. Variations, deviations, alternative offers, and other factors that are in excess of the

requirements of the Tendering documents shall not be taken into account in Tender evaluation.

- 30.4.2 The estimated effect of the price adjustment provisions of the Conditions of Contract, or other method proposed by the Tenderer, applied over the period of execution of the Contract, will be taken into account in Tender evaluation.

### 30.5 **Stage 5: Award Criteria**

- 30.5.1 Subject to Clause 30.5.2, the Employer shall award the Contract to the Tenderer whose tender has been determined to be substantially responsive and who has offered the lowest evaluated tender price, provided that such Tenderer has been determined to be (a) compliant with the tender requirements in accordance with the provisions of Clause 30.1, and (b) have adequate technical capacity to complete the work in accordance with the provisions of Clause 30.2 and 30.3.
- 30.5.2 Notwithstanding Clause 30.5.1, the Employer reserves the right to accept or reject any tender, and to cancel the tendering process and reject all tenders, at any time prior to the award of Contract, without thereby incurring any liability to the affected Tenderer or Tenderers or any obligation to inform the affected Tenderer or Tenderers of the grounds for the Employer's action.
- 30.5.3 Tenders shall be compared by ranking them according to their evaluated price and determining the tender with the lowest evaluated price, which shall be the best evaluated tender.
- 30.5.4 Where the tender document includes more than one lot and permits tenderers to offer discounts, which are conditional on the award of one or more lots, the evaluation committee shall conduct a further financial evaluation, to determine the lowest evaluated combination of tenders.
- 30.5.5 The Employer reserves the right not to award the tender to a Tenderer with an ongoing contract or contracts and/or recently awarded a tender or tenders by the Employer, without thereby incurring any liability to the affected Tenderer or Tenderers. In such an occurrence, the next ranked Tenderer shall be considered for award of the tender.
- 30.5.6 If the Tender, which results in the lowest Evaluated Tender Price, is seriously unbalanced or front loaded in relation to the Engineer's estimate of the items of work to be performed under the Contract, the Employer may require the Tenderer to produce detailed price analyses for

any or all items of the Bill of Quantities, to demonstrate the internal consistency of those prices with the construction methods and schedule proposed.

30.5.7 Where a tender is uneconomically priced without justification, the evaluation committee may recommend the rejection of the tender. After evaluation of the price analyses, taking into consideration the schedule of estimated Contract payments, the Employer may require that the amount of the performance security set forth in Clause 35 be increased at the expense of the Tenderer to a level sufficient to protect the Employer against financial loss in the event of default of the successful Tenderer under the Contract.

30.5.8 In the event the evaluated price of the lowest responsive tender does not fall within 10% deviation from the Engineer's estimate and/or the available budget, the Employer will take a decision on the evaluation of the Tenderers.

35.3 The Construction Guarantee may also be provided by the successful Tenderer in form of a bond, in which case it shall be issued by a bonding or insurance company that has been determined by the successful Tenderer to be acceptable to the Employer.

35.4 Failure by the successful Tenderer to comply with the requirements of Clause 33 and/or 35 shall constitute a breach of Contract, cause for annulment of the award, forfeiture of the Tender Security, and any such other remedy the Employer may take under the Contract, and the Employer may resort to awarding the Contract to the next ranked Tenderer.

### **36 Dispute Resolution Method**

36.1 Disputes will be resolved through Amicable Settlement or Adjudication (Adhoc), if Amicable settlement fails.

### **37 Corrupt or Fraudulent Practices**

37.1 The Employer requires that Tenderers/Suppliers/Contractors under Eswatini Government-

**Schedule 11: Dayworks / Rates**

The Tenderer is required to state below the price rates to be used in evaluating work done on a daywork basis. Where there is conflict between any Daywork rates which may have been included in the Bill of Quantities and rates in this Daywork Bill, the rates quoted in the Bill of Quantities shall take precedence.

The rates quoted are to cover site supervision, superintendence, site staff, insurances, holidays with pay, travelling allowance or costs (transport of men by Contractor's transport), lodging and any other allowances and emoluments, all other overhead charges and profit. Rates for labour are to include for the use and maintenance of hand tools and appliances (but not sharpening of tools), non-mechanical plant and equipment such as ladders, trestles, stages, bankers, hand pumps, scaffolding, temporary track, wagons, skips and all similar items, unless these are used or set up exclusively for daywork. Rates for materials are to include for delivery and unloading at the Contractor's main site store or, if material can be delivered directly to the point of daywork operations, for delivery and unloading at that point. The rates for mechanically operated plant and vehicles are to include for plant operators, drivers, consumable stores, fuel and maintenance and will be held to be applicable not only to such plant as may be available upon the site but also to such mechanically operated plant and vehicles brought onto site by written instruction of the Employer, in which event the Contractor will be paid the costs of transporting the plant, so ordered by the Employer, to and from the site; the relevant transport costs having been agreed as between the Employer and the Contractor before such plant is brought onto site.

In calculating the value of daywork the percentage allowances quoted in the Appendix in respect of labour and materials will not be added to the rates quoted below. The plant, labour and materials employed on daywork executed at the rates quoted below shall be included in the total for which any variation of price is claimed in terms of the General Conditions of Contract.

In the event of the payment of overtime being authorised by the Employer in respect of daywork, the rates quoted hereunder for labour will be increased in the same proportion as the workmen's actual wages, i.e. if a workman on daywork is paid time and a half the Contractor will be paid at 1½ times the quoted rate for that man.

The Employer retains the right to request a detailed breakdown of the make-up of any day-work rate and, after consultation with the Contractor, to adjust such rate should it be shown to be unreasonable.
